English and maths skills in their lessons, and the revised common inspection framework from Ofsted places an increased emphasis on this. You may lack confidence or the required background knowledge to do this, or be struggling to find ideas that will engage and motivate your learners. Specifically written for use within vocational contexts, this text provides you with a theoretical understanding of the issues involved, including barriers to learning and how to overcome these. In addition it offers a range of practical strategies and ideas to get you started and build confidence and competence in your students. Each activity is accompanied by detailed notes that highlight key learning points, the development of vocational skills and extension opportunities.

You probably know them best from March's electrifying University Challenge semi-final, which saw two of the series' most memorable contestants, dapper Bobby Seagull and fan favourite Eric Monkman, go head-to-head in a Cambridge derby between Emmanuel and Wolfson colleges. In this new quiz book, however, Monkman and Seagull are on the same team - and their opponent is you! Containing over 540 questions - FROM THE MOST DIFFICULT, TO ONES DESIGNED FOR YOUNGER READERS, this book will see the devilish wits of TV's brainiest boffins put to the page for the first time, with tricks and tests to taunt even the smuggest sofa-shouter. Scratch Programming in easy steps introduces readers to Scratch, a programming language that is widely used on the Raspberry Pi and in UK schools. Using Scratch's highly visual interface, you'll learn how to make games and animations. Along the way, you'll learn about some important ideas that underpin most programming languages. The book includes examples of games and techniques that readers are invited to customise and build on to make their own programs, and begins with a foreword by Mitchel Resnick, Professor of Learning Research at the MIT Media Lab, which created Scratch.

This series provides a facility to differentiate resources at a range of levels - responding to teachers demands for greater flexibility in the provision of resources.
