97 Orchard St #4, New York, NY 10002 | Zillow

Though cold-water plumbing had been installed in 1902 (toilets remained communal) and, in 1920, electricity (but still no heat), 97 Orchard was by then a shadow of its former self, down to 25 residents from a high of 111 as immigration slowed. The neighborhood had become haunted, as landlords couldn ' t or wouldn ' t keep up properties, falling into sorry disrepair when not tumbledown, burnt-out, abandoned.

The street's past as the heart of the immigrant experience is captured at the Lower East Side Tenement Museum's centerpiece, the restored 97 Orchard Street tenement. The street is known for its discount shopping, as Orchard Street was long the Lower East Side's main marketing thoroughfare.

---

Orchard Street - Wikipedia

There were many more than five families residing at 97 Orchard Street, but the focus on five families lets the author go into depth about the different ethnicities flooding into New York City from 1860 or so on up to the 1930's, their different eating habits, and their different futures. These families had a few things in common.

---

Book Review: 97 Orchard by Jane Ziegelman - Peschel Press

— Russell Shorto, author of *The Island at the Center of the World* 97 Orchard is a richly detailed investigation of the lives and culinary habits—shopping, cooking, and eating—of five families of various ethnicities living at the turn of the twentieth century in one tenement on the Lower East Side of Manhattan.

In 97 Orchard, Jane Ziegelman explores the culinary life that was the heart and soul of New York's Lower East Side around the turn of the twentieth century—a city within a city, where Germans, Irish, Italians, and Eastern European Jews attempted to forge a new life. Through the experiences of five families, all of them residents of 97 Orchard Street, Ziegelman takes readers on a vivid and unforgettable tour, from impossibly cramped tenement apartments, down dimly lit stairwells, beyond the front stoops where housewives congregated, and out into the hubbub of the dirty, teeming streets. Ziegelman shows how immigrant cooks brought their ingenuity to the daily task of feeding their families, preserving traditions from home but always ready to improvise. 97 Orchard lays bare the roots of our collective culinary heritage.

Describes the lives of four families that lived in what is now the Lower East Side Tenement National Historic Site, and places their experiences in context.

For Dolkart, the experience of being raised in a tenement became a metaphor for the life that was afforded countless thousands of other immigrant children growing up in Lower Manhattan during the past century and more. This book is a lasting tribute to the legacy of immigrants and their children, who were part of the transformation of New York City and the fabric of everyday American urban life.

Describes the lives of four families that lived in what is now the Lower East Side Tenement National Historic Site, and places their experiences in context.

Describes the lives of four families that lived in what is now the Lower East Side Tenement National Historic Site, and places their experiences in context.

2020 American Book Fest Best Book Awards Finalist in the U.S. History category In the wee hours of May 15, 1902, three thousand Jewish women quietly

took up positions on the streets of Manhattan ' s Lower East Side. Convinced by the latest jump in the price of kosher meat that they were being gouged, they assembled in squads of five, intent on shutting down every kosher butcher shop in New York ' s Jewish quarter. What was conceived as a nonviolent effort did not remain so for long. Customers who crossed the picket lines were heckled and assaulted, their parcels of meat hurled into the gutters. Butchers who remained open were attacked, their windows smashed, stocks ruined, equipment destroyed. Brutal blows from police nightsticks sent women to local hospitals and to court. But soon Jewish housewives throughout the area took to the streets in solidarity, while the butchers either shut their doors or had them shut for them. The newspapers called it a modern Jewish Boston Tea Party. The Great Kosher Meat War of 1902 tells the twin stories of mostly uneducated female immigrants who discovered their collective consumer power and of the Beef Trust, the midwestern cartel that conspired to keep meat prices high despite efforts by the U.S. government to curtail its nefarious practices. With few resources and little experience but a great deal of steely determination, this group of women organized themselves into a potent fighting force and, in their first foray into the political arena in their adopted country, successfully challenged powerful vested corporate interests and set a pattern for future generations to follow.

Life on the Lower East Side was bustling. Immigrants from many European countries had come to make a better life for themselves and their families in the United States. But the wages they earned were so low that they could afford only the most basic accommodations—tenements. Unfortunately, there were few laws protecting the residents of tenements, and landlords took advantage of this by allowing the buildings to become cramped and squalid. There was little the tenants could do; their only other choice was the street. Though most immigrants struggled in these buildings, many overcame a difficult start and saw generations after them move on to better apartments, homes, and lives. Raymond Bial reveals the first, challenging step in this process as he leads us on a tour of the sights and sounds of the Lower East Side, guiding us through the dark hallways, staircases, and rooms of the tenements.

James Beard Foundation Book Award Winner From the author of the acclaimed *97 Orchard* and her husband, a culinary historian, an in-depth exploration of the greatest food crisis the nation has ever faced—the Great Depression—and how it transformed America ' s culinary culture. The decade-long Great Depression, a period of shifts in the country ' s political and social landscape, forever changed the way America eats. Before 1929, America ' s relationship with food was defined by abundance. But the collapse of the economy, in both urban and rural America, left a quarter of all Americans out of work and undernourished—shattering long-held assumptions about the limitlessness of the national larder. In 1933, as women struggled to feed their families, President Roosevelt reversed long-standing biases toward government-sponsored “ food charity. ” For the first time in American history, the federal government assumed, for a while, responsibility for feeding its citizens. The effects were widespread. Championed by Eleanor Roosevelt, “ home economists ” who had long fought to bring science into the kitchen rose to national stature. Tapping into America ' s long-standing ambivalence toward culinary enjoyment, they imposed their vision of a sturdy, utilitarian cuisine on the American dinner table. Through the Bureau of Home Economics, these women led a sweeping campaign to instill dietary recommendations, the forerunners of today ' s Dietary Guidelines for Americans. At the same time, rising food conglomerates introduced packaged and processed foods that gave rise to a new American cuisine based on speed and convenience. This movement toward a homogenized national cuisine sparked a revival of American regional cooking. In the ensuing decades, the tension between local traditions and culinary science has defined our national cuisine—a battle that continues today. *A Square Meal* examines the impact of economic contraction and environmental disaster on how Americans ate then—and the lessons and insights those experiences may hold for us today. *A Square Meal* features 25 black-and-white photographs.

An illustrated guide to 40 of the most well-known, surprising, notorious, mythical, and sublime non-human citizens of New York City, and love letter to its surprising ecological diversity. From refugee parrots and prodigal beavers to gorgeous Fifth Avenue hawks and vengeful groundhogs, *Wild City* tells the funny, quirky, and memorable stories of forty of New York City ' s most surprising nonhuman citizens. This unconventional wildlife guide and concise environmental history of the Big Apple includes tales of the well-known, notorious, and legendary creatures who are as much New Yorkers as their human counterparts. A celebration of some of the city ' s most surprising residents and a love letter to this always evolving metropolis, *Wild City* is an enchanting illustrated volume that is a must-have for every Big Apple devotee and animal lover.
