For over twenty years Access to History has been providing students with reliable, engaging and accessible content on a wide range of topics. Each title in the series provides comprehensive coverage of different history topics on current AS and A2 level history specifications, alongside exam-style practice questions and tips to help students achieve their best.

This is a new edition of 'Elizabeth I: Religion and Foreign Affairs', which has been comprehensively revised and updated to meet the 2008 AS and A2 specifications for OCR and AQA. This title sets the scene from 1541, charting the developments of the Mid-Tudor crisis from Henry VIII to Mary I. It then goes on to analyse the succession of Elizabeth and her consolidation of power, examining the political, religious and military internal and external threats to her rule. The problems during her final years are also explored and this title concludes by looking at key themes and interpretations across the period. Throughout the book, key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam-style questions and tips written by examiners for the OCR and AQA specification provide the opportunity to develop exam skills.

This second edition has been thoroughly updated to take into account the latest historical research. The text does not assume prior knowledge and examines the central issues of religion and foreign affairs throughout the period 1558-1603, concluding with an examination of the relationship between the two. The Access to History series covers core periods of European and American history. Each book covers a period of at least one hundred years, charting the key political, social, economic, religious and cultural themes and issues of that time. All texts include activities with comprehensive advice on tackling essay questions.

The 'Access to History' series is the most popular and trusted series for AS and A level history students. This edition of 'Elizabeth I: Religion and Foreign Affairs', which has been comprehensively revised and updated to meet the 2008 AS and A2 specifications for OCR and AQA. This title sets the scene from 1541, charting the developments of the Mid-Tudor crisis from Henry VIII to Mary I. It then goes on to analyse the succession of Elizabeth and her consolidation of power, examining the political, religious and military internal and external threats to her rule. Throughout the book, key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam-style questions and tips written by examiners for the OCR and AQA specification provide the opportunity to develop exam skills.

This is a companion volume to Elizabeth I: Religion and Foreign Affairs, covering the political history of her reign and focusing on the role she played in the government of England. It considers four major topics—the servants, Parliament, marriage and succession, and the later years of her reign.

Peter Ackroyd, one of Britain's most acclaimed writers, brings the age of the Tudors to vivid life in this monumental book in his The History of England series, charting the course of English history from Henry VIII's cataclysmic break with Rome to the epic rule of Elizabeth I. Rich in detail and atmosphere, Peter Ackroyd's Tudors is the story of Henry VIII's relentless pursuit of both the perfect wife and the perfect heir; of how the brief reign of the teenage king, Edward VI, gave way to the violent reimposition of Catholicism and the stench of bonfires under "Bloody Mary." It tells, too, of the long reign of Elizabeth I, which, though marked by civil strife, plots against the queen and even an invasion force, finally brought stability. Above all, however, it is the story of the English Reformation and the making of the Anglican Church. At the beginning of the sixteenth century, England was still largely feudal and looked to Rome for direction; at its end, it was a country where good governance was the duty of the state, not the church, and where men and women began to look to themselves for answers rather than to those who ruled them.

This book provides an account of the reform movements and acts throughout 1815-1850 in Britain. It examines the pressure for parliamentary reform leading up to the 1832 Reform Act and the significance of the Act. It includes exam style questions and tips that help students develop exam skills.

Exam board: AQA; OCR Level: AS/A-level Subject: History First teaching: September 2015 First exams: Summer 2016 (AS); Summer 2017 (A-level) Put your trust in the textbook series that has given thousands of A-level History students deeper knowledge and better grades for over 30 years. Updated to meet the demands of today's A-level specifications, this new generation of Access to History titles includes accurate exam guidance based on examiners' reports, free online activity worksheets and contextual information that underpins students' understanding of the period. - Develop strong historical knowledge: in-depth analysis of each topic is both authoritative and accessible - Build historical skills and understanding: downloadable activity worksheets can be used independently by students or edited by teachers for classwork and homework - Learn, remember and connect important events and people: an introduction to the period, summary diagrams, timelines and links to additional online resources support lessons, revision and coursework - Achieve exam success: practical advice matched to the requirements of your A-level specification incorporates the lessons learnt from previous exams - Engage with sources, interpretations and the latest historical research: students will evaluate a rich collection of visual and written materials, plus key debates that examine the views of different historians

Elizabeth I was Queen of England for almost forty-five years. The daughter of Henry VIII and Ann Boleyn, as an infant she was briefly accepted as her father ' s heir. After her mother was executed at her father ' s command she was declared illegitimate and led a sometimes scandalous existence until her accession to the throne at the age of twenty-five. Elizabeth oversaw a vibrant age of exploration and literature and established herself, the "Virgin Queen", a national icon that lives on in the popular imagination. But Elizabeth was England ' s second female monarch, and was greatly influenced by the experiences and mistakes of the reign of her half-sister, Mary I, before her. During her reign, Elizabeth had to perform a complicated balancing act in religious matters. As religious wars raged in Europe, Elizabeth herself a moderate Protestant, had to manage an inherited Catholic realm and the demands of zealous Protestants. The importance of such familiar features of Elizabeth ' s reign as the presence in England of Mary Queen of Scots and her enduring efforts to take the throne, the Spanish armada, and the origins of English colonial expansion beyond the British archipelago all receive fresh attention in this engaging book. This new biography sheds light on Elizabeth ' s early life, influences and on her personal religious beliefs as well as examining her reign, politics and reassesses Elizabeth ' s reluctance to marry, a matter for which she has been much praised, but which is here judged one of the second queen regnant ' s more problematic decisions. Judith M. Richards takes an objective and rounded view of Elizabeth ' s whole life and provides the perfect introduction for students and general readers alike.

When the court's master lute player plunges to his death from a parapet beneath the queen's window, loyal members of Elizabeth I's privy council refuse to accept a verdict of accidental death and trace the tragedy to a conspiracy designed to bring down the young queen and usurp the throne. Reprint.

Glitteringly detailed and engagingly written, the magisterial Elizabeth I brings to vivid life the golden age of sixteenth-century England and the uniquely fascinating monarch who presided over it. A woman of intellect and presence, Elizabeth was the object of extravagant adoration by her contemporaries. She firmly believed in the divine providence of her sovereignty and exercised supreme authority over the intrigue-laden Tudor court and Elizabethan England at large. Brilliant, mercurial, seductive, and maddening, an inspiration to artists and adventurers and the subject of vicious speculation over her choice not to marry, Elizabeth became the most powerful ruler of her time. Anne Somerset has immortalized her in this splendidly illuminating account. BONUS MATERIAL: This ebook edition includes an excerpt from Anne Somerset's Queen Anne.
