~~Identity in Adolescence addresses the complex question of how adolescent identity forms and develops during adolescence and young adulthood and serves as the foundation for entering adult life. The book is unique in its presentation of four selected models that address this process, along with cutting-edge research and the implications that each of these models hold for practical interventions.~~

~~Identity in Adolescence 4e | The Balance between Self and~~

~~Free-Ebooks.net has a large collection of self-published ebooks, but also a good amount of classics too. If you like science fiction, the publisher Baen also has a set of free ebooks.~~

~~Uses the latest research findings and influential theoretical viewpoints to convey what is known about adolescent development, how the behavior of young people can best be understood and what the adolescence experience is like for teenagers and those around them. Features extensive individual examples and first-person accounts of young adults. Special attention is paid to social and cultural aspects, such as bicultural environments, growing up in divorced or reconstituted families, physical or sexual abuse, homosexuality, etc. This edition contains expanded discussions of cognitive development and adolescence theories and a new chapter on social cognition.~~

~~Child and Adolescent Online Risk Exposure: An Ecological Perspective focuses on online risks and outcomes for children and adolescents using an ecological perspective (i.e., the intersection of individuals in relevant contexts) for a better understanding of risks associated with the youth online experience. The book examines the specific consequences of online risks for youth and demonstrates how to develop effective and sensitive interventions and policies. Sections discuss why online risks are important, individual and contextual factors, different types of risk, online risks among special populations, such as LGBT youth, physically or intellectually disabled youth, and ethnic and religious minorities, and intervention efforts. Includes theoretical considerations and the prevalence of online risks Covers policy recommendations for reducing online risks Explores the concept of digital citizenship Examines online risks, including addictive internet use, sexting, cyberbullying, stalking and personal data misuse~~

~~Sexuality in Adolescence: The Digital Generation provides a comprehensive and up-to-date overview of research and theory about adolescent sexuality in today's world. The book examines biological, social and health-related approaches and reviews qualitative and quantitative research from psychology, sociology, epidemiology and medicine, emphasising the interplay between perspectives and privileging the voices of young people as they discuss the joys and pains of sexual awakening. The focus is on understanding healthy sexual development and its many variations, but problems and issues arising as young people make their journey to adult sexuality are also considered. The book presents global research on many key issues of our time, including the impact of media and technology on adolescent sexuality, changes in adolescent sexual behaviors and beliefs, sexual risk taking, sex education, and teen pregnancy and abortion. This fully revised and updated third edition of Sexuality in Adolescence also addresses the crucial issues of sexual diversity, sexual safety and sexual communication, including coercion, peer pressure and double standards. In Sexuality in Adolescence: The Digital Generation, the authors aim to promote sexual wellbeing, and argue for the importance of the adolescent period as a time for engendering healthy sexual attitudes and practices. This book will be valuable reading for students in the social, behavioural and health sciences who are interested in adolescent development and the topic of sexuality, as well as for professionals working with young people and families.~~

~~Deal with the ups and downs of growing up. This visual guide to puberty and adolescence is a must-read for all parents and tweens embarking on those scary teenage years. This growing up book covers contemporary issues such as internet safety and tackles key topics such as sexuality and body image. Demystify puberty with this must-read home reference ebook. From your menstrual cycle to sexting, and even cyber-bullying. This straightforward, unpatronizing approach to tricky topics is the essential illustrated guide to adolescence for both parents and their teens. The stunning graphics and illustrations make this invaluable for tweens and teens alike. Help Your Kids With Adolescence is a guide for modern kids coming into their teen years. It addresses topical issues like body image, the effects of social media, and sexting. It also offers a biological explanation for the physical side of being a teenager from mood swings, periods, and breaking voices. This ebook offers a no-nonsense, non-judgemental approach to help parents and their kids navigate their way through puberty and adolescence. Sexuality, Confidence, Social Media, Emotions, Stress! Puberty and adolescence can be a confusing and complex time. Help Your Kids With Adolescence offers straightforward advice to help parents and children survive and thrive during the turbulent teenage years. Emotional well-being, physical changes, online safety, family dynamics, relationships, sexuality, and much more are discussed and explained through jargon-free text and simple, clear illustrations. Engaging graphics and illustrations make this modern, comprehensive guide to adolescence invaluable for tweens and teens alike. Whether as a quick-reference guide or cover-to-cover read. This self-understanding and self-development ebook will discuss and explain the following topics: - Growing Up - Female Puberty - Male Puberty - Healthy Body - Healthy Mind - Achieving Potential - Digital Life - Sexuality - Relationships - And more. DK's bestselling Help Your Kids With series contains crystal-clear visual breakdowns of important subjects. Simple graphics and jargon-free text are key to making this series a user-friendly resource for frustrated parents who want to help with children get the most out of life. Get help with anything from geography and music to maths, SATs, and growing up.~~

~~Presents strategies for getting students to read, and offers advice on building a school culture around a love of reading, helping students deepen their understanding of what they read, and balancing independent reading and text study.~~

~~'Adolescence - when we are no longer children and have not yet reached adulthood - is a time of much disturbance, change and potential for growth. The adolescent is confronted with a body that stretches, changes and grows in all directions, as does her or his mind: he is no longer who he was.'- Inge Wise from her Introduction Adolescence is a turbulent period of time in life. Adolescents experience hormonal and physical changes that affect their mood and emotions. Psychoanalysis can help them resolve these new and often confusing feelings.In this collection, Inge Wise has gathered together a wide range of papers, dealing with issues such as adolescent violence, suicidal feelings, and addiction. Other papers explore psychoanalytic definitions of adolescence and central psychoanalytic contributions to the understanding of adolescence.~~

~~From award-winning author Tara L. Kuther comes Adolescence in Context, a topically oriented text that connects learners to the science that shapes our understanding of today's teenagers and young adults. The book is organized around three core themes: the centrality of context, the importance of research, and the applied value of developmental science. The text presents classic research, current research, and foundational theories, which Kuther frames in real-life contexts such as gender, race and ethnicity, and socioeconomic status. Students will come away with an understanding of the book's themes and material that they will immediately be able to apply to their own lives and future careers.~~

~~Adolescence and adolescent states of mind have seldom captured so much attention publicly, nor have they stirred so much anxiety and disturbance privately. This long acknowledged, problematic, transitional world between childhood and adulthood is especially fraught, these days, with the assaults and pressures of contemporary culture and modern technology. The heart of the book lies in the exploration of the inner lives of these young people, whether or not they find their way to clinical services. It sets out to illuminate the sorts of things that go wrong, and how we can help to address them \u2013 the crises of identity, gender, loss, self-harm, bullying, depression, anger, suicidal impulses, anxiety, and so much more. On Adolescence: Inside Stories is intended for all those concerned with adolescence, and adolescent states of mind at whatever age or stage.~~

~~The book presents a modern, psychoanalytically-informed chronological view of how the mind develops from infancy through young adulthood. It is a comprehensive work which integrates analytic theories and concepts with a contemporary systems model of development and draws on scholarly research from neighboring fields.~~
