#1 International Best Seller Living a meaningful, satisfying life is an enigma for most people today. We feel stuck, small, without the self-confidence to move in the direction of what we really want. Or, if we do muscle through our fear in pursuit of our dreams, we exhaust ourselves working and striving and achieving and yet somehow, no matter our level of outer-world success, are left dazed and disheartened, asking ourselves, “Is this all there is?” After ten years on Broadway, Sandra Joseph—the longest-running leading lady in Broadway’s longest-running show, *The Phantom of the Opera*—knows one thing for sure: the only way to have a truly fulfilling life and achieve success that satisfies is to recognize that

the journey up is no substitute for the journey in. In *Unmasking What Matters*, Joseph uses lessons learned on the road to Broadway, during her decade as Christine, and through the challenges she faced after walking away from the business to show readers how to courageously bring their inner voice to the outer world, stop seeking success for achievement's sake and start creating the life they truly desire. With her hard-won wisdom, poignant personal stories, and practical, experiential exercises to guide them, readers will learn to shed their limiting masks, mindfully work through their fears, stand in their authentic power, and build a life rich with satisfaction, meaning, and significance. Warm, humble, encouraging, and inspiring, *Unmasking What Matters* can help anyone move from stuck, fearful, and playing it safe to embracing their passions, gifts, and opportunities and living life “full-out” today.

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote

peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the

foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.
