~~Agriculture~~ Agricultural communication is a field that focuses on communication about agriculture-related information among agricultural stakeholders and between agricultural and non-agricultural stakeholders. Agriculture is broadly defined in this discipline to include not only farming, but also food, fiber, animals, rural issues, and natural resources. Agricultural communication is done formally and informally by agricultural extension and is considered related to science communication. However, it has ev

~~Agricultural communication—Wikipedia~~ Need of Agriculture journalism . The farmer to extension worker ratio is very wide, thus public extension system is unable to meet the demand of farmers for information. The mass media is capable of reaching vast widespread audience.
