Air Babylon

Air Babylon does the same; only this time, it is all about airlines. Apparently, based on real events, but written in a fictional form, the events in the book occur over a 24 hour period. The book is a laugh riot from the start and might even tell you a thing or two about what airlines and their staff think of their passengers.

Air Babylon is a fictional *24-Hours* in the life of an unnamed London Based Airport but with plenty of name drops like Stansted or Heathrow. We pretty much witness all the things that can happen that go on in an Airport, it kind of surprises me how you don't notice these things when your making your way through one yourself.

'Something strange occurs to guests as soon as they check in. Even if in real life they are perfectly well-mannered, decent people with proper balanced relationships, as soon as they spin through the revolving hotel doors the normal rules of behaviour no longer seem to apply.' All of the following is true.Only the names have been changed to protect the guilty. All the anecdotes, the stories, the characters, the situations, the highs, the lows, the scams, the drugs, the misery, the love, the death and the insanity are exactly as was told by Anonymous - someone who has spent his whole career working in hotels at the heart of London's luxury hotel industry. However, for legal reasons, the stories now take place in a fictitious hotel known as Hotel Babylon. More than a decade is compressed into a day. Everything else is as it should be. The rich spend money, the hotel makes money and the chambermaids still fight the bellboys over a two-pound coin.It's just another twenty-four hours in an expensive London hotel.

The classic apocalyptic novel that stunned the world.

Or the story about the First Class air hostess who got fired for sitting on the face of a passenger during a long-haul flight? Do you really know anything about the business that you entrust your life to several times a year? Air Babylon is a trawl through the highs, the lows and the rapid descents of the travel industry. It catalogues the births, the deaths, the drunken brawls, the sexual antics, and the debauchery behind the scenes of the ultimate service industry - where the world is divided into those who wear the uniform and those who don't . . .

Now one young woman has the chance to be a hero-if she can think quickly enough to stay alive.
