identify your subject. 3. Tell the audience why this is important to them.

Here's How You Make a Quick and Perfect Introduction | Inc.com

Do keep your introduction paragraph short. There are no hard and fast rules, but for most types of features and blog posts three or four sentences is a reasonable goal. Don't waste words. Write lean. Get rid of filler words and phrases. It's good to practice clean, crisp writing in general, but it's especially important in an opening ...

An Introduction to the Wonderful World of Robotics ...

An introduction to functional programming. Mary Rose Cook. Many functional programming articles teach abstract functional techniques. That is, composition, pipelining, higher order functions. This one is different. It shows examples of imperative, unfunctional code that people write every day and translates these examples to a functional style.

An introduction to functional programming
