Films such as "Another Dawn" are interesting as artifacts of a lost time when, I suppose, people had stronger values and lived for the greater good. When it's a stronger script and production, of course, these marvelous qualities are worth revisiting, admiring, and feeling guilty about. Alas, however, nobility is not well served by "Another Dawn."

Another Dawn (1937) - IMDb

Another Dawn by Kathryn Cushman - Goodreads
The premise of Another Dawn is interesting—that a condemned man and the MD who was there to pronounce him dead are both mysteriously sent back in time by an explosion that takes place just as he's being electrocuted. He has memory, she doesn't. After that, it all falls apart.

Vilified and marginalized, the Romani people—widely referred to as Gypsies, Roma, and Travellers—are seen as a people without place, either geographically or socially, no matter where they live or what they do. In this new chronological history of the Romani, *Another Darkness, Another Dawn* demonstrates how their experiences provide a way to understand mainstream society's relationship with outsiders and immigrants. Becky Taylor follows the Gypsies, Roma, and Travelers from their roots in the Indian subcontinent to their travels across the Byzantine and

Ottoman Empires to Western Europe and the Americas, exploring their persecution and enslavement at the hands of others. Rather than seeing these peoples as separate from society and untouched by history, she sets their experiences in the context of broader historical changes. Their history, she reveals, is ultimately linked to the founding of empires; the Reformation and Counter-Reformation; numerous wars; the expansion of law, order, and nation-states; the Enlightenment; nationalism; modernity; and the Holocaust. Taylor also shows how the lives of the Romani today reflect the increasing regulation of modern society. Ultimately, she demonstrates that history is not always about progress: the place of Gypsies remains as contested and uncertain today as it was upon their first arrival in Western Europe in the fifteenth century. As much a history of Europe as of the Romani, *Another Darkness, Another Dawn* paints a revealing portrait of a people who still struggle to be understood.

Mike Masters is a five-year-old prodigy with unique skills that draw him into America's deep Black Operations world. Getting in wasn't the problem. It's going to be getting out from under the foot of General Mace that could spell his and the world's doom.

Now that Project Looking Glass has been fully activated, and is once again under her expert

control, Mace won't let anything stop her. The general knows that her boy, Masters, is on the verge of figuring it all out. For both of them, it will take one final trip to the bottom of the planet where a terrifying truth awaits.

Always Another Dawn: The Story of a Rocket Test Pilot is the detailed account of NACA (National Advisory Committee for Aeronautics) and Albert Scott Crossfield's work in the post-war years and beyond pioneering the use of rocket-powered planes. Crossfield and his team paved the path for space exploration making this, his autobiography, essential reading for historians and aviation buffs.

While flying the Mach Loop, Michael breaks through Mace's Project Looking Glass and finally discovers his ultimate reality. He stretched the multiple timelines to their razor edge, but was it enough to come through to the other side of her reality? She was there, with him, in that other place --- always waiting for him to return.

When she awoke from the horrendous explosion her memory was gone. The bracelet she wore said "Sofie", and the young priest who pulled her from the wreckage was insisting she was a doctor. But how did she get there? And how could she be so attracted to a man of the cloth? Maddeningly handsome and irresistibly virile, Luke Nolan made her ache for a

Grace Graham is back in Tennessee with her four-year-old son on a short unpaid leave from work, helping her father recover from surgery and spending time with her sister. Shoal Creek seems more backward than ever after her years in California, and it's hard to find organic food anywhere. When the unthinkable happens and her son is diagnosed with measles, Grace's fears over modern medicine take a dangerous turn. Worse, the town has fallen into quarantine and its residents focus their anger and blame on Grace. She is alone and scared, until one brave woman chooses to reach out a hand of forgiveness and mercy. But when the outbreak takes a life-threatening turn, will Grace be able to forgive herself?
