Fill your upcoming 2017, with 16 months of Ancient Maps all year round. This beautiful mini calendar contains 16 months and 3 mini 2016, 2017, and 2018 year calendars.

Provides an illustrated collection of maps covering the continents and major nations of the world, detailing cities, landmarks, and cultural icons for each.

The first cartographic reference book on one of today's most important religious movements Historical Atlas of Hasidism is the very first cartographic reference book on one of the modern era's most vibrant and important mystical movements. Featuring sixty-one large-format maps and a wealth of illustrations, charts, and tables, this one-of-a-kind atlas charts Hasidism's emergence and expansion; its dynasties, courts, and prayer houses; its spread to the New World; the crisis of the two world wars and the Holocaust; and Hasidism's remarkable postwar rebirth. Historical Atlas of Hasidism demonstrates how geography has influenced not only the social organization of Hasidism but also its spiritual life, types of religious leadership, and cultural articulation. It focuses not only on Hasidic leaders but also on their thousands of followers living far from Hasidic centers. It examines Hasidism in its historical entirety, from its beginnings in the eighteenth century until today, and draws on extensive GIS-processed databases of historical and contemporary records to present the most complete picture yet of this thriving and diverse religious movement. Historical Atlas of Hasidism is visually stunning and easy to use, a magnificent resource for anyone seeking to understand Hasidism's spatial and spiritual dimensions, or indeed anybody interested in geographies of religious movements past and present. Provides the first cartographic interpretation of Hasidism Features sixty-one maps and numerous illustrations Covers Hasidism in its historical entirety, from its eighteenth-century origins to today Charts Hasidism's emergence and expansion, courts and prayer houses, modern resurgence, and much more Offers the first in-depth analysis of Hasidism's egalitarian--not elitist--dimensions Draws on extensive GIS-processed databases of historical and contemporary records

2022 Weekly/Monthly Planner Simplified to streamline your schedule Great size for storing away - 5 x 8 in Multiple Color Options - contact Divinely Inspired Publishing to request a different option

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

In lively, mordantly witty prose, Negroponte decodes the mysteries--and debunks the hype--surrounding bandwidth, multimedia, virtual reality, and the Internet, and explains why such touted innovations as the fax and the CD-ROM are likely to go the way of the BetaMax. "Succinct and readable. . . . If you suffer from digital anxiety . . . here is a book that lays it all out for you."--Newsday.

The history of Islamic mapping is one of the new frontiers in the history of cartography. This book offers the first in-depth analysis of a distinct tradition of medieval Islamic maps known collectively as the Book of Roads and Kingdoms (Kitab al-Masalik wa al-Mamalik, or KMMS). Created from the mid-tenth through the nineteenth century, these maps offered Islamic rulers, scholars, and armchair explorers a view of the physical and human geography of the Arabian peninsula, the Persian Gulf, the Mediterranean, Spain and North Africa, Syria, Egypt, Iraq, the Iranian provinces, present-day Pakistan, and Transoxiana. Historian Karen C. Pinto examines around 100 examples of these maps retrieved from archives across the world from three points of view: iconography, context, and patronage. By unraveling their many symbols, she guides us through new ways of viewing the Muslim cartographic imagination.

Harley-Davidson® 2022 offers 16 months of freedom machines from the world's most legendary motorcycle manufacturer. Produced in cooperation with Harley-Davidson®, this new Motorbooks wall calendar features Harley-Davidson's latest machines. Harley-Davidson® 2022 showcases stunning portraits of line-up favorites like Fat Bob®, Softail®, Sportster®, bespoke CVO™ tourers, and the all-new Pan America™ adventure bike. Harley-Davidson® has reigned as America's top motorcycle manufacturer for more than a century, and each month, Harley-Davidson® 2022 reminds riders and fans why.

In celebration of one of science fiction's most beloved franchises, an updated edition of the acclaimed Ships of the Line hardcover collection. They dared to risk it all in a skiff of reeds or leather, on a ship of wood or steel, knowing the only thing between them and certain death was their ship. To explore, to seek out what lay beyond the close and comfortable, every explorer had to embrace danger. And as they did so, what arose was a mystical bond, a passion for the ships that carried them. From the very first time humans dared to warp the fabric of space, escaping from the ashes of the third World War, they also created ships. These vessels have become the icons of mankind's desire to rise above the everyday, to seek out and make the unknown known. And these ships that travel the stellar seas have stirred the same passions as the ones that floated in the oceans. While every captain has wished that their starship could be outfitted in the same manner as the sailing ship H.M.S. Beagle—without weapons—that proved untenable. From the start, Starfleet realized that

Get Free Antique Maps 2018 Wall Calendar

each vessel, due to the limited range of the early warp engines, must be able to stand alone against any attack. Thus arose the idea, taken from the days of wooden sailing ships, that every Starfleet vessel must stand as a ship of the line. Through the actions of their captains and crews, countless starships have taken on that role. Here we remember some of those ships and their heroic crews. In celebration of one of science fiction's most beloved franchises, this updated edition of the acclaimed Ships of the Line hardcover collection now includes dozens of additional images brought together for the first time in book format—spectacular renderings featured in the highly successful Star Trek: Ships of the Line calendar series. With text by Star Trek's own Michael Okuda, the story of each of these valiant starships now comes to life. ™, ®, & © 2014 CBS Studios, Inc.
