Summer Rambo apples are a very old variety of apple that dates back to 1535. They originally grew in Abbeville, France, but you can find them at some apple orchards in the United States. The colonists liked the apples enough to bring seeds over and plant orchards. Summer Rambo apples are sweet apples that are fully ripe in August.

AN INSTANT NEW YORK TIMES BESTSELLER! From celebrated anthropologist Jennifer Raff comes the untold story—and fascinating mystery—of how humans migrated to the Americas. ORIGIN is the story of who the first peoples in the Americas were, how and why they made the crossing, how they dispersed south, and how they lived based on a new and powerful kind of evidence: their complete genomes. ORIGIN provides an overview

of these new histories throughout North and South America, and a glimpse into how the tools of genetics reveal details about human history and evolution. 20,000 years ago, people crossed a great land bridge from Siberia into Western Alaska and then dispersed southward into what is now called the Americas. Until we venture out to other worlds, this remains the last time our species has populated an entirely new place, and this event has been a subject of deep fascination and controversy. No written records—and scant archaeological evidence—exist to tell us what happened or how it took place. Many different models have been proposed to explain how the Americas were peopled and what happened in the thousands of years that followed. A study of both past and present, *ORIGIN* explores how genetics is currently being used to construct narratives that profoundly impact Indigenous peoples of the Americas. It serves as a primer for anyone interested in how genetics has become entangled with identity in the way that society addresses the question "Who is indigenous?"

National Society of Film Critics dares to go where few mainstream critics have gone before—to the heart of what gets the colored lights going, as they say in *A Streetcar Named Desire*. Here is their take on the films that quicken their (and our) pulses—an enterprise both risky

and risque, an entertaining overview of the most arousing films Hollywood has every produced. But make no mistake about it: This isn't a collection of esoteric "critic's choice" movies. The films reflect individual taste, rubbing against the grain of popular wisdom. And, because of the personal nature of the erotic forces at play, these essays will reveal more about the individual critics than perhaps they have revealed thus far to their readers. The Society is a world-renowned, marquee-name organization embracing some of America's most distinguished critics, more than forty writers who have followings nationally as well as devoted local constituencies in such major cities as New York, Chicago, Los Angeles, Boston, Philadelphia, Atlanta, and Minneapolis. Yes, The X List will have something for every lover of film-and for every lover.

hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes.

This work is an invitation and guide for young people to bring the realm of Heaven to earth. As children discover their identity through the revelation of the Father's love, they are released to fulfill their Royal Mission: to demonstrate the Kingdom of God by living a life of miracles. Each chapter explains and identifies the inheritance that God's sons and daughters possess, such as the Father's love, the anointing and indwelling of the Holy Spirit, faith, prayer, and the keys of power and authority. This book is not only a companion for the "journey", but also provides a meeting place for children to encounter God's presence that will transform their hearts and lives.
