Engineering is the application of knowledge in the form of science, mathematics, and empirical evidence, to the innovation, design, construction, operation, and maintenance of structures, machines, materials, devices, systems, processes, and organizations. Engineering is a vast discipline to study and there is a huge number of students entering into this stream every year.

Bee Journal by Sean Borodale, Cape Poetry, 2012, £10 From the collection of a small nucleus on the first day to the capture of a swarm two years later. Borodale observes the living architecture of the comb, the range and locality of the colony, its flights, flowers, water sources, parasites, lives and deaths in this poem-journal.
