Vincent Harding writes that Martin was assassinated because he advocated for fundamental change in this country. King played a critical role in the development of a revolutionary movement -- one that continues to grow and transform here in Detroit. ... At the core of Dr. King's beloved community is agape love which is understanding and ...

Jenny's allegiance lay with the Confederate Army. But her heart belonged to the enemy. Faithful to her family and the land of her birth, young Jenny Jordan covers for her father's Confederate spy missions. But as she grows closer to handsome Union soldier Buck Brownell. Jenny finds herself torn between devotion to the South and her feelings for the man she is forbidden to love. Overwhelmed by pressure to assist the South, Jenny agrees to carry critical information over enemy lines. But when she is caught in Buck Brownell's territory, will he follow orders to execute the beautiful spy or find a way to save his Beloved Enemy?

This historical work details the policing of a Midwest city of 50,000 population during the first half of "The Roaring Twenties." Walk the beats with the officers of the city as a relatively quiet community copes with rising crime during the Prohibition Era of United States history. From humorous incidents to the court-ordered execution of a murderer, the police department experiences a multitude of changes to combat the bootlegging and violence that it generated. This work follows three previous volumes which covered the years from 1856 through 1919.

Updated Edition A fun, anecdote-filled, encyclopedic look at the circumstances surrounding the deaths of every president and a few "almost presidents," such as Jefferson Davis. Packed with fun facts and presidential trivia, The President Is Dead! tells you everything you could possibly want to know about how our presidents, from George Washington to George H. W. Bush (who was the most recent president to die), met their ends, the circumstances of their deaths, the pomp of their funerals, and their public afterlives, including stories of attempted grave robberings, reinterments, vandalism, conspiracy theories surrounding their deaths, and much more. The President Is Dead! is filled with never-before-told stories, including a suggestion by one prominent physician to resurrect George Washington from death by transfusing his body with lamb ' s blood. You may have heard of a plot to rob Abraham Lincoln ' s body from its grave site, but did you know that there was also attempts to steal Benjamin Harrison's and Andrew Jackson ' s remains? The book also includes "Critical Death Information," which prefaces each chapter, and a complete visitor ' s guide to each grave site and death-related historical landmark. An "Almost Presidents" section includes chapters on John Hanson (first president under the Articles of Confederation), Sam Houston (former president of the Republic of Texas), David Rice Atchison (president for a day), and Jefferson Davis. Exhaustively researched, The President Is Dead! is richly layered with colorful facts and entertaining stories about how the presidents have passed. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

"A comic gem" (Alexander McCall Smith) about a housewife who kisses her chintz and her cheating husband goodbye Constance Harding lives in a picture perfect house. She is, however, absolutely clueless about the real world, e.g., *why her twenty-five-year-old son still hasn ' t found a nice girl, *why her Lithuanian housekeeper ' s thongs keep turning up in her husband ' s study, and *why her teenage daughter is dressed in head-to-toe spandex . . . When disaster strikes, she flees her comfortable nest. Constance is about to discover a wider world she thought it was too late to find. And she ' s putting it all in her blog-thingy.

Turning to primary sources others have overlooked, Sibley challenges the cliches about Florence Harding's time in the national spotlight. She describes her support for racial equality, lobbying for better treatment for veterans and female prisoners and her lifelong interest in preventing animal cruelty.
