As a study guide, this handbook really stands out. It explains the principles very clearly in a logical order and it uses a lot of examples and cases for students to practise the new techniques. The chapters start with a story to show the reallife relevance of the concepts, which is clearly appreciated by the students. Highly recommended for teaching first-year students! Dr Catherine Schaumans, University of Tilburg, The Netherlands

Work more effectively and gauge your progress as you go along! This Study Guide that is designed to accompany Besanko ' s Microeconomics: An Integrated Approach includes a Chapter Summary, Exercises with Multiple Choice Answers (answers provided at the end of the chapter), Chapter Review Questions with Answers, Problems with Answers, and Exam Questions with Answers for each chapter. This new textbook, Microeconomics: An Integrated Approach, designed for intermediate microeconomics, provides the most balanced presentation of topics to ensure a thorough understanding of microeconomics. The approach includes presenting and reinforcing topics in several ways to help student learning - many extensive examples and applications, "Learn by Doing" problems throughout, and a parallel use of math and graphs.
