The first book in the Miriam Black series: "A sassy, hard-boiled thriller with a paranormal slant" (The Guardian) about a young woman who can see the darkest corners of the future. Miriam Black knows how you're going to die. This makes her daily life a living hell, especially when you can't do anything about it, or stop trying to. She's foreseen hundreds of car crashes, heart attacks, strokes, and suicides. She merely needs to touch you—skin to skin contact—and she knows how and when your final moments will occur. Miriam has given up trying to save people; that only makes their deaths happen. But then she hitches a ride with Louis Darling and shakes his hand, and she sees in thirty days that Louis will be murdered

In the third installment of the suspenseful *Miriam Black* series, Miriam is on the road again, having transitioned from "thief" to "killer." *Miriam Black* is being developed as a TV series on Starz with the producers of *Breaking Bad*. Hired by a wealthy businessman, Miriam heads down to Florida to practice the one thing she's good at: knowing when people are going to die. In her vision she sees the businessman murdered by

But this whole "settling down thing" just isn't working out. She lives on Long Beach Island all year in a run-down, double-wide trailer. She works at a grocery store as a checkout girl.
