An astounding work of fiction from New York Times bestselling author Jason Mott, always deeply honest, at times electrically funny, that goes to the heart of racism, police violence, and the hidden costs exacted upon Black Americans and America as a whole

In Jason Mott's *Hell of a Book*, a Black author sets out on a cross-country publicity tour to promote his bestselling novel. That storyline drives *Hell of a Book* and is the scaffolding of something much larger and more urgent: Mott's novel also tells the story of Soot, a young Black boy living in a rural town in the recent past, and The Kid, a possibly imaginary child who appears to the author on his tour. As these characters' stories build and converge, they astonish.

For while this heartbreaking and magical book entertains and is at once about family, love of parents and children, art and money, it's also about the nation's reckoning with a tragic police shooting playing over and over again on the news. And with what it can mean to be Black in America. Who has been killed? Who is The Kid? Will the author finish his book tour, and what kind of world will he leave behind? Unforgettably told, with characters who burn into your mind and an electrifying plot ideal for book

He gives us an in-depth look at the moral relativism that has spread through our culture and opens our eyes to the effects that nonbiblical sexual choices have on individuals, the family, the church, and the culture.
