Milkshakes are the perfect blend of milk and ice cream; they are like ice cream on steroids. Adults sometimes feel like they outgrow certain things, this is definitely not true! Who doesn't enjoy milkshakes? Who? Even my grandma loves milkshakes. They are basically ice cream with an extra something that makes it yummy. Well, here is another something extra that you can add to your milkshakes to make them way better - booze! Yes, I said it! Adding alcohol to anything only makes it better, I know we all love our boozy ice creams, well now, let's try out some alcoholic milkshakes too! Did you know that we can accredit the start of boozy milkshakes to alcoholic egnogs? These egnogs were laced with whiskey to better help with the biting cold, but people couldn't just get enough of them because the milkshakes load better. This was way back before the creation of milkshakes in 1922, in the nineteenth century. With the creation of boozy ice creams came the idea of boozy milkshakes. These are gaining more popularity by the minute because they are a mixture of society's two of society's best - alcohol and ice cream! To enjoy this delicious goodness at home, all you have to do is download this recipe book and start making some yummy milkshakes! Just remember to keep them away from the kids.

Fix the Pumps is a historical account of the golden era of soda fountains including over 450 recipes that made soda America's most popular drink.

The movie The Founder, starring Michael Keaton, focused the spotlight on Ray Kroc, the man who amassed a fortune as the chairman of McDonald's. But what about his wife Joan, the woman who became famous for giving away his fortune? Lisa Napoli tells the fascinating story behind the historic couple. Ray & Joan is a quintessentially American tale of corporate intrigue and private passion: a struggling Mad Men–era salesman with a vision for a fast-food franchise that would become one of the world's most enduring brands, and a beautiful woman willing to risk her marriage and her reputation to promote controversial causes that touched her deeply. Ray Kroc was peddling franchises around the country for a fledgling hamburger stand in the 1950s—McDonald's, it was called—when he entered a St. Paul supper club and encountered a beautiful young piano player who would change his life forever. The attraction between Ray and Joan was instantaneous and instantly problematic. Yet even the fact that both were married to other people couldn't derail their roller coaster of a romance. To the outside world, Ray and Joan were happy, enormously rich, and giving. But privately, Joan was growing troubled over Ray's temper and dark secret, something she was reluctant to publicly reveal. Those close to them compared their relationship to that of Elizabeth Taylor and Richard Burton. And yet, this volatility paved the way for Joan's transformation into one of the greatest philanthropists of our time. A force in the peace movement, she produced activist films, books, and music and ultimately gave away billions of dollars, including landmark gifts to the Salvation Army and NPR. Together, the two stories form a compelling portrait of the twentieth century: a story of big business, big love, and big giving.
