Botchan (坊っちゃん) is a novel written by Natsume Sōseki in 1906. It is one of the most popular novels in Japan, read by many Japanese during their school years. The central theme of the story is morality, but the narrator serves up this theme with generous sides of humor and sarcasm.

Botchan is like Japan's Tom Sawyer. It is read by schoolchildren across the country and has been the subject of innumerable TV sketches and parodies ever since Soseki wrote it early in the 20th Century. It is a coming-of-age story ripe with sarcasm and very entertaining to read. There is also a comic book version (or more).
