Unquestionably, the developed countries can create more job opportunities than the developing countries so the educated people from the developing countries seek and grab the jobs in the developed countries.

Brain Drain Vs Brain Gain - GNLM
Brain drain refers to a persistent loss of highly trained and highly skilled individuals to other nations. Brain gain is the reverse: an influx of talented foreign workers. The notions of brain drain and brain gain are based on the idea of labor migration as a zero-sum game in which one nation suffers while another benefits.

I have been most fulfilled by turning my brain drain from Nigeria to “ brain gain ” for Africa.

In 2006, I worked from the office of Nigeria ’ s Ministry of Health as part of a Fulbright award to evaluate the cancer data reporting system in Nigeria and provide specific guidelines for valid data reporting methods. I contributed significantly to cancer control efforts in Nigeria, including conducting the first national research project assessing cancer data reporting system in Nigeria and ...

Turning SA's brain drain into a brain gain - InDaily

Brain drain, as this phenomenon has come to be known, is the process by which a country loses its most educated and talented workers to more favourable geographic, economic, or professional environments in other countries (Adeloye et al., 2017). This post will examine the implications of the brain drain for Nigeria and will argue that the diaspora should rather be considered as 'brain gain' for their source countries, and their exposures practising abroad used to drive development at home.
