Sheldon Whitehouse's book "Captured the Corporate Infiltration of American Democracy" is a must read for everyone from the American history geek to those of us who want to understand why our government can move two steps forward and three back. This book is not about political parties but the influence of corporate money in our Democracy and ...

**Captured: The Corporate Infiltration of American Democracy ...**

As a U.S. senator and former federal prosecutor, Sheldon Whitehouse has had a front-row seat for the spectacle of dark money in government. In his widely praised book Captured, he describes how corporations buy influence over our government— not only over representatives and senators, but over the very regulators directly responsible for enforcing the laws under which these
