Life for Lewisa DeBlake was good. She embraced the wonderful love of God and her family, which she immensely adored. Therefore, she purposefully placed God into her daily life by way of spending time singing praise and worship songs to Him, listening to His Word, and teaching her children about Him too. So, imagine the traumatizing horror she felt after God showed her in a dream her husband was leaving her. Many dreams and prophetic words followed leading Lewisa towards the plan God had for her life, but that revelation came at a high price. It caused Yury, the love of her life, to scorn her and become an emotional recluse. Simultaneously, the weight of the situation drove him into a life of lies, women, and secrets. If that wasn't bad enough, God guided her to walk by faith and move to Dallas, TX. She lost everyone and everything obeying God's voice. In order to survive, Lewisa suppressed her emotions of confusion, fear, heartache, and rejection, as she groped around in the dark in unfamiliar territory. However, a change is coming.

Atlanta magazine's editorial mission is to engage our community through provocative writing, authoritative reporting, and superlative design that illuminate the people, the issues, the trends, and the events that define our city. The magazine informs, challenges, and entertains our readers each month while helping them make intelligent choices, not only about what they do and where they go, but what they think about matters of importance to the community and the region. From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

The Book of Matthew cautions readers that "Ye cannot serve God and mammon." But for at least a century conservative American Protestants have been trying to prove that adage wrong. In The Blessings of Business, Darren E. Grem argues that while preachers, activists, and politicians have all helped spread the gospel, American evangelicalism owes its enduring strength in a large part to private enterprise. Grem argues for a new history of American evangelicalism, demonstrating how its adherents strategically used corporate America--its leaders, businesses, money, ideas, and values--to advance their religious, cultural, and political movement. Beginning before the First World War, conservative evangelicals were able to use businessmen and business methods to retain and expand their public influence in a secularizing, diversifying, and liberalizing age. In the process they became beholden to pro-business stances on matters of theology, race, gender, taxation, trade, and the state, transforming evangelicalism itself into as much of an economic movement as a religious one. The Blessings of Business tells the story of unlikely partnerships between well-known champions of the evangelical movement such as Billy Graham and largely forgotten businessmen like Herbert Taylor, J. Howard Pew, and R.G. LeTourneau. Grem also shows how evangelicals set up their own pro-business organizations and linked the quarterly and yearly growth of "Christian" businesses to their social, religious, and political aspirations. Fascinating and provocative, The Blessings of Business uncovers the strong ties that conservative Christians have forged between the Almighty and the almighty dollar.

Packed with cutting-edge cases and hands-on applications, Walsh's EMPLOYMENT LAW FOR HUMAN RESOURCE PRACTICE, 6E explains the major issues and rules of employment law in understandable terms. Readers learn how laws impact careers for both managers and employees. The book addresses legal issues for each stage of employment, from hiring and managing to firing. Current news stories and real cases help readers understand how legal concepts apply to today's actual workplace. Each chapter ends with a summary of practical advice for managers. Coverage addresses the most important topics of employment law including the latest legislation, regulations and case law. Readers learn how to prevent discrimination and harassment, accommodate disabled employees, provide family and medical leave, comply with wage and hour laws, and avoid wrongful terminations and other common legal issues. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Peterson's Scholarships, Grants & Prizes 2013 is the must have guide for anyone looking for private aid money to help finance an education. This valuable resource provides up-to-date information on millions of privately funded awards available to college students. The comprehensive scholarship and grant profiles include those awards based on ethnic heritage, talent, employment experience, military service, and other categories, which are available from private sources, such as foundations, corporations, and religious and civic organizations. In addition, there are informative articles containing advice on avoiding scholarship scams, winning scholarships with a winning essay, and getting in the minority scholarship mix.

This book, the first of a groundbreaking series, provides a solid theoretical and empirical grounding from the psychology of religion and spirituality to the emerging field of workplace spirituality. Leading researchers in the psychology of religion have contributed up-to-date reviews within their areas of expertise to help guide the emergence of this exciting new discipline. Each chapter is written with the workplace researcher in mind. Not only is the relevant literature from the psychology of religion reviewed, but it is also made relevant to the workplace setting. The religious and spiritual aspects of such topics as meaning making, emotional resilience, sense of calling, coping with stress, occupational health and well-being, and leadership, among others are discussed within the context of work life. Surely researchers interested in workplace spirituality will keep this book, as well as others in the series, within arm's reach for years to come.

Why Asia?: Contemporary Asian and Asian American Art is a ground-breaking investigation into two overlapping and rapidly emerging areas in contemporary art. Extricating them from their current confusion under a generic "Asian" label, Yang reveals the specificity of each. The book consists of lucid discussions on individual artists, exhibitions and theoretical issues. With over sixty illustrations it serves to introduce the current landscape of Asian and Asian American Art, with essays on art in China, Taiwan and North America, as well as individual essays on leading artists such as Rirkrit Tiravanija, Xu Bing and Michael Joo. Above all, Yang explores the challenges that contemporary Asian and Asian American art poses to artists, critics, curators and viewers alike. In particular, she reflects on the complexities of exhibition practice, the role of identity politics in arts, the unspoken assumptions of Western critics faced with Asian art, and the difficulties faced by artists working between cultures. This is a major critical contribution in an area where criticism conspicuously lags behind artistic practice.

The longtime chief marketing officer for Chick-fil-A tells the inside story of how the company turned prevailing theories of fast-food marketing upside down and built one of the most successful and beloved brands in America. Covert Cows will help you... Discover unexpected, out-of-the-box marketing methods and new ways of approaching business problems. Understand the positive impact of building a business based on biblical principles. Receive an insider's look at the evolution of one of America's most beloved brands. Learn key marketing and business insights from the man who was the chief marketing officer for Chick-fil-A for thirty-four years. During his thirty-four-year tenure at Chick-fil-A, Steve Robinson was integrally involved in the company's growth--from 184 stores and \$100 million in annual sales in 1981 to over 2,100 stores and over \$6.8 billion in annual sales in 2015--and was a first-hand witness to its evolution as an indelible global brand. In Covert Cows and Chick-fil-A, Robinson shares behind-the-scenes accounts of key moments, including the creation of the Chick-fil-A corporate purpose and the formation and management of the now-iconic "Eat Mor Chikin" cow campaign. Drawing on his personal interactions with the gifted team of company leaders, restaurant operators, and the company's founder, Truett Cathy, Robinson explains the important traits that built the company's culture and sustained it through recession and many other challenges. He also reveals how every aspect of the company's approach reflects an unwavering dedication to Christian values and to the individual customer experience. Written with disarming candor and revealing storytelling, Covert Cows and Chick-fil-A is the never-before-told story of a great American success.

Discusses the correct behavior, with emphasis on Christian values, for a variety of social situations.
