Look above - Claas JAGUAR Axion, Lexion, Columbus & Tucano Operator's Manuals PDF. CLAAS is one of the world's largest agricultural machinery companies, founded by the Claas brothers from the German town of Harzevinkel. The company's history dates back to 1913, when Augustus Claas registered his work, setting the beginning of a great story. Inventiveness, global thinking and perseverance in one century have created an international company from the family enterprise.

Read Book Claas Parts Manual

Building with straw bales is a technique pioneered a century ago in the state of Nebraska. In recent years there has been a renaissance in the use of straw as a building material largely in the American Southwest, but also in Canada, Australia, France, Holland, Germany, Austria and China. Straw is a renewable resource with excellent insulating properties. It is a cheap and easy-to-use option for self-builders, and even large-scale structures can be erected using timber framework filled with straw. This book is a practical, hands-on guide to building with straw. Fire safety, protection against moisture, damp, pests and parasites are treated in detail. Numerous on-site photos document the process of assembly and construction step by step. 30 exemplary international projects illustrate the wide spectrum of design possibilities with straw.
