Bentley Publishers is the exclusive factory-authorized publisher of Volkswagen Service Manuals in the United States and Canada. In every manual we provide full factory repair procedures, specifications, tolerances, electrical wiring diagrams, and lubrication and maintenance information. Bentley manuals are the only complete, authoritative source of Volkswagen maintenance and repair information. Even if you never intend to service your car yourself, you'll find that owning a Bentley Manual will help you to discuss repairs more intelligently with your service technician.

Today's cars are complex. They have ABS, DOHC, EFI, CV, PCV, and dozens of other acronyms. How can anyone except a certified mechanic try to maintain or repair older vehicles, much less modern cars? The easiest way is to follow clear, illustrated instructions. The Complete Idiot's Guide® to Car Care and Repair Illustrated offers hundreds of helpful photos and drawings that not only describe how cars run, they also show readers exactly what to do when they don't run. Finally, readers will truly learn how to handle common repairs without a mechanic. The Complete Idiot's Guide® to Car Care and Repair Illustrated covers maintaining, troubleshooting, and repairing your car from bumper to bumper. It clearly covers selecting tools and parts, changing oil, checking transmission and steering fluids, replacing filters, troubleshooting engine noises, installing brakes, fixing door dings, and keeping the car's battery alive longer.
