"Coaching is the universal language of learning, development, and change." Imagine a workplace without fear, stress, or worry. Instead, you're acknowledged as a valued, contributing team player who doesn't sacrifice priorities, values, happiness, or your life for your job. Sound ludicrous? Consider this is a reality in many thriving organizations. Most leadership books don't apply to sales leadership. Sales leaders are uniquely and indispensably special and need to be coached in a way that's aligned with their role, core competencies, and individuality to achieve their personal goals and company objectives. What if you can successfully coach anyone in 15, 5, or even 60 seconds using one question? Sales Leadership makes delivering consistent, high-impact coaching easy. For busy, caring managers, this removes the pressure and misconception that, "Coaching is difficult, doesn't work, and I don't have time to coach." Since most managers don't know how to coach, they become part of the non-stop, problem-solving legion of frustrated Chief Problem Solvers who habitually do others' work, create dependency, and nourish the seed of mediocrity. Great business leaders shift from doing people's jobs to developing them by learning the language of leadership coaching. In its powerful simplicity, Sales Leadership delivers a chronological path to develop a thriving coaching culture and coaching leaders who develop top performing teams and sales champions. Using Keith's intuitive LEADS Coaching Framework™, the coaching talk tracks for critical conversations, and his Enrollment strategy to create loyal, unified teams, you will inspire immediate change. Now, coaching is easily woven into your daily conversations and rhythm of business so that it becomes a natural, healthy habit. In his award-winning book, Coaching Salespeople Into Sales Champions, Keith was the first Master Certified Coach to share his personal coaching playbook that is now the standard for coaching excellence. Ten years later, and one million miles traveled, he reveals the evolution of sales leadership and coaching mastery through his experiences working with Fortune 5000 companies and small businesses worldwide. In the first book ever titled Sales Leadership, you'll master the ability to: Ask more questions, give less advice, and build trust and accountability to rely on people to do their job. Reduce your workload and save 20 hours a week on unproductive and wasteful activities. Shatter the toxic myths around coaching to eliminate generational gaps and departmental silos. Achieve business objectives, boost sales faster, and retain more customers. Create buy-in around strategic change and improve daily performance metrics. Assess company readiness and ensure implementation of a successful and sustainable coaching initiative and create a healthy, happy workplace. "People create the mindset, mindset shapes behavior, behavior defines culture, and ultimately, culture determines success. That's why the primary business objective is: To Make Your People More Valuable."

PRAISE FOR NEXT LEVEL SALES COACHING "Steve Johnson and Matthew Hawk have created the most comprehensive, actionable, step-by-step guide for successful sales management I've seen in 25 years as a corporate training and development professional. Creating sales teams that stay, sell, and succeed is a lesson in successful sales leadership that is packed with case studies, scripts, planning tools, and resources that will be invaluable resources to sales managers both new and experienced." -Corey Rewis, Learning & Development Executive, Fortune Top 100 Most Profitable Company, Fortune 100 Best Place to Work® Company "Management is dead. Ask any professional or salesperson if they want to be managed, and they'll tell you, 'I'm good.' Professionals want to grow and develop. They want someone to work with them on an individual basis to help them identify their gaps and build a plan to sharpen skills and close those gaps. That's what Steve Johnson is an expert at and what this book will help managers do at a high level. Managers can use this book to evolve their skills and migrate from being managers to becoming coaches. The 'coaching gap' is the biggest opportunity for businesses today. If managers have not yet developed coaching skills, this book will have an enormous return for those that buy it, read it, and put it to use. Our team can attest to this from firsthand experience." -David Patchen, Senior Vice President, Education and Practice Management, Raymond James Private Client Group "I loved this book as it covered all the sales processes and coaching strategies that helped us drive strong, double-digit growth over the last ten years. A must-read for sales leaders!" -Tom Chelew, Senior Vice President, Enterprise Fleet Management, Enterprise Rent-A-Car "Having implemented the sales coaching techniques described in Next Level Sales Coaching over the last decade and a half at several different companies, I've consistently seen immediate and sustained improvement on key performance metrics in both customer satisfaction and overall conversions. The 'secret sauce' is in the defined coaching processes." -Michael Hatt, Principle Program Manager, Go Learning Development Team, Amazon "Next Level Sales Coaching provides comprehensive guidance for developing and executing core sales management activities that drive predictable and profitable sales. This is a must-read and an excellent reference for those who lead—or aspire to lead—sales teams." -Dario F. Priolo, Former Executive Vice President, Miller Heiman Group

Written exclusively for sales managers; this brief, concise primer will help turn managerial skills into those of a top-notch teacher; motivator; and mentor - someone who gets results through inspiration and example. --

"The Sales Boss: The Real Secret to Hiring, Training and Managing a Sales Team, is a comprehensive guide on how to create a winning sales team. In any business, nothing happens until somebody sells something. Nobody pays their mortgages, no kids get sent to college, and no retirements get funded until the salesperson is able to close business and get revenue coming in the door. In a company with a sales manager, the hiring, training and success of the sales people lay directly at the feet of the manager. The importance and significance of this role can well be illustrated by a recent study that shows that 95% of the CEOs in mid-size companies have at some point in their career filled the role of Sales Manager prior to being promoted to run the company. Clearly, this job matters. The hopes and dreams of the entire company depend on the job being done masterfully. The Sales Boss refers to a sales leader operating at peak performance and overseeing a team of people that outperforms the competition. Inside the cover of this book, the reader will begin a journey that will help them take a deep look into the psychology behind getting a team operating at the highest levels. A step-by- step guide to hiring, training, and managing the team follows this introduction and will leave the reader not only with an understanding of what needs to be done but with direct examples of how they can do it"--

Discover Keith Rosen's powerful roadmap to doubling your productivity, developing your team, achieving your business objectives, and creating more harmony and significance in your life.Sales managers and executives work under intense conditions unique to their roles that traditional time management strategies fail to address. Consequently, many leaders believe it's impossible to develop an effective routine when their time is consumed with phone calls, emails, meetings, texts, internal company challenges, competing priorities, and customer needs constantly demanding their attention.But Own Your Day changes all that. In addition to learning time management strategies that will yield immediate results in your life, you will learn how to master the inner game of time management which will enable you to coach your team to thrive and help them improve their personal productivity. Discover how to: Reduce your daily workload and protect your time. Obliterate your never-ending to-do list. Make time your ally rather than your adversary. Develop a Personal Navigation System that aligns your routine with your goals, values, and priorities. Stop reacting to problems and become hyper-responsive so that you can take charge of your day. Identify and eliminate your time killers that distract you from your priorities, cause stress, and waste time.

Boost sales results by zeroing in on the metrics that matter most "Sales may be an art, but sales management is a science. Cracking the Sales Management Code reveals that science and gives practical steps to identify the metrics you must measure to manage toward success." -Arthur Dorfman, National Vice President, SAP "Cracking the Sales Management Code is a must-read for anyone who wants to bring his or her sales management team into the

21st century.” –Mike Nathe, Senior Vice President, Essilor Laboratories of America “The authors correctly assert that the proliferation of management reporting has created a false sense of control for sales executives. Real control is derived from clear direction to the field—and this book tells how do to that in an easy-to-understand, actionable manner.” –Michael R. Jenkins, Signature Client Vice President, AT&T Global Enterprise Solutions “There are things that can be managed in a sales force, and there are things that cannot. Too often sales management doesn’t see the difference. This book is invaluable because it reveals the manageable activities that actually drive sales results.” –John Davis, Vice President, St. Jude Medical “Cracking the Sales Management Code is one of the most important resources available on effective sales management. . . . It should be required reading for every sales leader.” –Bob Kelly, Chairman, The Sales Management Association “A must-read for managers who want to have a greater impact on sales force performance.” –James Lattin, Robert A. Magowan Professor of Marketing, Graduate School of Business, Stanford University “This book offers a solution to close the gap between sales processes and business results. It shows a new way to think critically about the strategies and tactics necessary to move a sales team from good to great!” –Anita Abjornson, Sales Management Effectiveness, Abbott Laboratories About the Book: There are literally thousands of books on selling, coaching, and leadership, but what about the particulars of managing a sales force? Where are the frameworks, metrics, and best practices to help you succeed? Based on extensive research into how world-class companies measure and manage their sales forces, Cracking the Sales Management Code is the first operating manual for sales management. In it you will discover: The five critical processes that drive sales performance How to choose the right processes for your own team The three levels of sales metrics you must collect Which metrics you can “manage” and which ones you can’t How to prioritize conflicting sales objectives How to align seller activities with business results How to use CRM to improve the impact of coaching As Neil Rackham writes in the foreword: “There’s an acute shortage of good books on the specifics of sales management. Cracking the Sales Management Code is about the practical specifics of sales management in the new era, and it fills a void.” Cracking the Sales Management Code fills that void by providing foundational knowledge about how the sales force works. It reveals the gears and levers that actually control sales results. It adds clarity to things that you intuitively know and provides insight into things that you don’t. It will change the way you manage your sellers from day to day, as well as the results you get from year to year.
