NHIndustries NH90 - Wikipedia

With its unique cabin architecture and the quietest cabin in the sky, the A380 has unmatched passenger appeal while airlines have unique revenue-generating opportunities thanks to its great cabin versatility. The A380 has been voted as the best aircraft type by Global Traveler's readers, confirming that the A380 is truly a passenger favourite

A380 - Airspace - Airbus

The air in Airbus aircraft cabins is a mix of fresh air drawn from outside, and recirculated air. Recirculated cabin air goes through High-Efficiency-Particulate Arrestors (HEPA) filters, which remove particles in the air down to the size of microscopic bacteria and virus clusters. The cabin air is exchanged about every 2-3 minutes which enables a high virus dilution rate.
