The textbook industry is changing editions to make more money, so they aren't going to make it easy for you. How else would James Stewart be able to build this house ? What \*a friend\* did in a similar situation, was to use the old edition, but "got" the problems from the textbook on reserve in the library.

~~Textbook Cross reference for

Older editions of our textbooks end up in the main stacks and can be checked out for weeks at a time. If you can get your hands on the older edition and the newer edition, that will give you enough time to determine if having the older edition will be too much of a liability. Obviously, your mileage will vary on this tip.

Most usually in the publishing industry:- If it's an "edition," it generally means there are some actual content differences between this and the previous editions. If it's just the cover picture that's different (but not the contents), then it's an "imprint" (less usually) or "printing" (more usually).

Textbook prices continue to be out of control—and one of the most common ways that students get around the issue of high prices is through buying older editions, which usually cost a fraction of the price. Normally, students manage to adapt; but there are some disadvantages to acquiring an older tome, and publishers are trying to fight back.
