Foliage colour: The desert rose, *Adenium obesum*, is a shrubby succulent with glossy green leaves and red-pink flowers. It has a widespread native distribution in Africa and the Arabian Peninsula, so in the UK it needs to be grown under glass all

# Online Library Desert Rose Adenium Culture Labelle

year. It's a popular choice for bonsai, in part owing to the swollen caudex, which stores water. For best results, grow *Adenium obesum* under glass all year, in a container with well-drained soil, with added sharp sand to boost drainage.
