Habitat Diorama Project. • Each student will create a diorama (a scenic representation in which sculpted figures and lifelike details are displayed) showing their selected habitat. To create the diorama project, a shoe box or other small box may be used as the space for the diorama. The box should not be bigger than an adult sized shoebox.

UNIT 7 –ECOSYSTEM DIORAMA PROJECT. OBJECTIVE: In this lesson, we are learning about the various biotic and abiotic factors that make up an ecosystem, as well as how these factors work together to maintain a balanced ecosystem. By creating a 3-D diorama of an ecosystem, students become aware of the various pieces and parts that help make up the ecosystem, as well as how they work together.
