Duel in the Dark is a good start of a new series, Blood on the Stars, from Jay Allan. It is an action filled story which essentially is a prelude to an all out war. It has good world building, enjoyable characters and plenty of action. The underlying premise of the story is the all too common one, in fiction as well as in real life.

~~Duel in the Dark (Blood on the Stars, #1) by Jay Allan~~

Read the first book in Jay Allan’s blockbuster Blood on the Stars series. A duel, in the deepest darks, a savage fight between two veteran warriors, two captains, two heroes. An epic battle that only one can survive. A fight to determine if there is peace, or a bloody war where billions will die.

~~Duel in the Dark (Blood on the Stars Book 1) eBook: Allan ---~~

A decent straight-ahead military SF tale culminating in a duel between two battleships. It’s a page-turner, with the usual battleships, fighter pilots and marines all present and correct. As usual with military SF, we don’t get huge depth of characterisation, but the characters are believable enough and their courage is admirable.

~~Duel in the Dark: Blood on the Stars I: 1: Allan, Jay ---~~

The story is a Duel in the Dark, where men and women of 2 different factions, with their own code of honour and believes, give their blood on the stars. While I did not get a fun space opera, I got one that will stick with me for some time. That I will always remember as a really passionate good thoughtful read. 89 people found this helpful

~~Book 17 of Blood on the Stars~~

A Gripping New Adventure by the Author of the Bestselling Crimson Worlds and Far Stars series...The Confederation has fought three wars against the forces of the totalitarian Union. Three generations of its warriors have gone off to war, held the line against the larger, more powerful enemy. Now the fourth conflict is imminent, and the Confederation's navy is on alert, positioned behind the frontier, waiting for the attack it knows is coming.The battleship Dauntless has spent the past ten months patrolling the border, deployed far forward of the main fleet, a forlorn hope, an advance guard positioned to give the warning of invasion. But no attack has come. Her crew is exhausted, and the aging battleship needs maintenance. With the fleet mobilized and the forward bases overloaded beyond capacity, she is sent clear across the Confederation, to a planet along the quiet and peaceful far frontier. Her crew is looking forward to a rest, and Dauntless herself is scheduled for a long-overdue maintenance session.But the quiet frontier isn't what it seems...and when a distress call is received from one of the mining colonies on the edge of Confederation space, it falls to Captain Tyler Barron to take Dauntless forward, to find out what is happening, and to put a stop to it.Barron and his crew have their ship-and each other-but they can expect no other help. Suspicion is strong that Union deceit is at play, that the attack is some sort of diversion, intended to draw Confederation forces from the disputed border. The orders are clear. No ships will be transferred from the prospective battle line. Stopping whatever is happening on the rim is Barron's responsibility, and his alone.Barron is the grandson of the Confederation's great hero, the father of the modern navy. His family name has always carried privilege with it, and crushing responsibility. And now he must prove that he has inherited more from his famous grandfather than name and privilege. He must face the enemy, and win the victory...before the Confederation is caught between two enemies and destroyed.Blood on the Stars Reading OrderBook 1: Duel in the DarkBook 2: Call to Arms (January 2017, Available now for preorder)

Set during World War I, this monumental philosophical novel about human despair inspired Albert Camus' own writing and prefigured the greater existential movement. Blood Dark tells the story of a brilliant philosopher trapped in a provincial town and of his spiraling descent into self-destruction. Cripure, as his students call him—the name a mocking contraction of Critique of Pure Reason—despises his colleagues, despairs of his charges, and is at odds with his family. The year is 1917, and the slaughter of the First World War goes on and on, with French soldiers not only dying in droves but also beginning to rise up in protest. Still haunted by the memory of the wife who left him long ago, Cripure turns his fury and scathing wit on everyone around him. Before he knows it, a trivial dispute with a complacently patriotic colleague has embroiled him in a duel.

~~Book 17 of Blood on the Stars~~

The previously untold story of the violence in Congress that helped spark the Civil War In The Field of Blood, Joanne B. Freeman recovers the long-lost story of physical violence on the floor of the U.S. Congress. Drawing on an extraordinary range of sources, she shows that the Capitol was rife with conflict in the decades before the Civil War. Legislative sessions were often punctuated by mortal threats, canings, flipped desks, and all-out slugfests. When debate broke down, congressmen drew pistols and waved Bowie knives. One representative even killed another in a duel. Many were beaten and bullied in an attempt to intimidate them into compliance, particularly on the issue of slavery. These fights didn’t happen in a vacuum. Freeman’s dramatic accounts of brawls and thrashings tell a larger story of how fisticuffs and journalism, and the powerful emotions they elicited, raised tensions between North and South and led toward war. In the process, she brings the antebellum Congress to life, revealing its rough realities—the feel, sense, and sound of it—as well as its nation-shaping import. Funny, tragic, and rivetingly told, The Field of Blood offers a front-row view of congressional mayhem and sheds new light on the careers of John Quincy Adams, Henry Clay, and other luminaries, as well as introducing a host of lesser-known but no less fascinating men. The result is a fresh understanding of the workings of American democracy and the bonds of Union on the eve of their greatest peril.

A short story set in the Raven’s Shadow world from New York Times and USA Today best-selling author Anthony Ryan. Legendary warrior King Tavurek marshals his mercenary army to combat a mighty Volarian host led by a man known to history as the Spear-point. In the blood-bath that follows, there can be only one victor. The final battle between the city state of Kethia and the Volarian Empire, as told by Imperial Chronicler Lord Verniers, is an event shrouded in many secrets and, some say, wrought by servants of the Dark.

25th ANNIVERSARY EDITION • An epic novel of the violence and depravity that attended America's westward expansion, Blood Meridian brilliantly subverts the conventions of the Western novel and the mythology of the Wild West—from the bestselling, Pulitzer Prize–winning author of The Road Based on historical events that took place on the Texas-Mexico border in the 1850s, it traces the fortunes of the Kid, a fourteen-year-old Tennesseean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving.

Presents a case of scandal, crime, and justice in medieval France, where a Norman knight returns from Scotland and finds his wife accusing an old friend and fellow courtier of raping her, leading to a battle to the death.

"Chris and Tanya have been assigned as Coven Rovers, trouble shooters to the supernatural world. Their mission will bring them face to face with wild vamps, powerful witches [sic] and monsters from the darkest Native American legends. But facing the biggest vampire political event in four centuries will be their greatest test. Mixing Chris' s uncertain temper with cranky old vampires may well be the kiss of death"--Cover p. [4].

As ranchers and homesteaders go to war in Wyoming, a new lawman faces a trial by gunfire in the New York Times–bestselling author’s Western series debut. Lawmen don’t last long in the town of Doubtful, Wyoming Territory. The last one quit, another ended up in a hangman’s noose, and one more was backshot by the hired guns at the Circle L Ranch. But the town of Doubtful has never seen the likes of the man known as Cotton, who aims to take the badge for the next year, save himself a nice chunk of money, and be on his way. At least, that’s his plan. Problem is, Cotton has just stuck his nose in the biggest hornet’s nest in the territory. Some of the new homesteaders are stringing wire, and the three large spreads in the area don’t like it. Before anyone can blink, a passel of hardcases are filling the air with gunsmoke and hot lead. But Cotton plans to bring law and order to Doubtful no matter what. Because he isn’t afraid of dying. And he’s not afraid of killing.

War rages between the Confederation and the Union. Shattered fleets watch each other warily across a war torn frontier. Both sides are licking their wounds, gathering strength to continue the fight. Captain Tyler Barron and the crew of Dauntless are finally enjoying the rest they've earned while their aging battleship Dauntless gets the repairs and refit it desperately needs. But their respite will be short-lived. In the Badlands, deep in the haunted vastness of pre-Cataclysmic space, a new discovery threatens to upset the balance of power. Orbiting a world in a distant system is an ancient battleship, vastly larger and enormously more advanced than anything possessed by the contending powers...and the Union has already sent forces to seize it. The Confederation has no ships close enough to intervene, to get there before the enemy...none save Dauntless. Barron and his crew must race across the Badlands, find the ancient artifact, and somehow hold it, keep the Union forces from taking it, until reinforcements arrive. They will be outnumbered and outgunned, but there can be no retreat. Not this time. Nothing less than the fate of all human-inhabited space is at stake. If the Confederation is able to rediscover the technology of the ancients, it will be safe for generations to come, its defensive forces untouchable by its enemies. But if the Union gets there first, if it can adapt the incredible power of mankind's lost technology, it will gain the power to enslave all humanity. This fight isn't for territory. It isn't for position or tactical advantage. It is for the future.
