The Early Childhood Certificate Program is designed as a first step in a preparing individuals to be competent professionals in a growing field. The Early Childhood Certificate Program provides students with the most current knowledge, skills, and to cultivate the dispositions that will enable them to become exemplary early childhood educators.

Working with Young Children focuses on the application of child development principles to the care of children in group settings. Introduce your students to the fast-growing field of child care services, and help them learn the necessary skills. This popular text features an inviting, colorful format and up-to-date topics. -- Topics include the CDA credential; guidance principles; water play, sand play, and blockbuilding experiences; new social studies topics; and more on-the-job application process. -- Helps students develop effective skills for guiding children and for keeping them safe and healthy. -- Provides instruction for setting up a developmentally-appropriate environment. -- Covers planning and implementing curriculum that will meet children's needs and hold their interest. -- Includes hundreds of full-color photos taken in actual child care settings.

The seventh edition of this popular book supports the authors' belief that guidance is more than getting children to do what you want them to do now; it is helping them to become everything they can become for all of their tomorrows. The book provides an overview, followed by discussion of core concepts, strategies for applying those concepts, and, finally, the broader perspective of professionalism and human resource development. Its approach focuses on the need to consider a child's developmental level as well as family and cultural context when planning environments and activities for young children. Unlike others in the field, it offers concrete suggestions on how to guide children while they are involved in specific activities such as playing, eating, napping, etc. For teachers and parents of young children.
