written contract with every client, but you don't have a good idea of what that contract should have in it, so you let it slide and hope you don't get burned. And when you look in books about running a small business, none of them seem to address your specific needs. *The Paper It's Written On* focuses on your specific needs, particularly when you are working with individual authors.

This book is intended to familiarize readers with the theoretical basis and practical applications of the editing process. This involves the examination of the rhetorical canons-invention, arrangement, style, delivery; and the corresponding rhetorical objectives of editing - accuracy, clarity, propriety, and artistry. We envision a diverse audience for this book. For aspiring editors, we offer an introduction to rhetorical principles as a vehicle for developing a repertoire of theoretically sound and effective strategies. For professionals-directors of communications, public relations specialists, experienced writers and editors of professional and technical publications - this book will serve as a reference and guide reinforcing their intuitive understanding and appreciation of the art of editing.

This pragmatic text helps students master the craft of copy editing--including both the editing skills and the "people skills" essential to professional success. Experienced newspaper copy editor and professor John Russial covers the fundamentals and more: how to edit for grammar, punctuation, usage, and style; attend to broader issues of fairness and focus; develop strong

headlines and other display elements; and work collaboratively with reporters, other editors, and designers. Special attention is given to the copy editor's role as critical thinker and coach as well as resident wordsmith. Throughout, proven editing strategies are explained and numerous concrete examples and practical tips offered.

Seven original essays on the theory, practice and future of editing Old English verse.

Everyone in the newsroom agrees that copy editors are the unsung heroes in the business who, until now, have never had a succinct and authoritative guide for on-the-job use. From counting the headline to line breaks, from decks to jumps, from editing numbers and photo captions to editing for organization, *The Copy Editing and Headline Handbook* is the complete source of essential information for the copy editor. Whether copy editing on a computer or on the printed page, for a newspaper or for a magazine, Barbara Ellis shows how to clean, organize, and proof copy like a pro. With special sections on libel, captions, forbidden words, job hazards, and head counts, as well as a section of the most commonly used symbols in copy editing and proofreading, the Handbook is essential for every copy editor's bookshelf.
