An enjoyable life entails learning and practicing multiple skills; the few who truly apply them savour the success that comes with it. Of course, atop the list of the successful is the chief of humanity, Muhammad (blessings and peace be upon him). His entire life was an ocean of pearls that I have scattered throughout the pages of this book. Enjoy Your Life! is not the product of an effort of a month or a year. Rather, it has resulted from the research that I devoted myself to for twenty years. I inscribed it with my tears, pouring my soul and squeezing my memories into it. I penned down various incidents involving the joy of our eyes - our first teacher, Muhammad (blessings and peace be upon him). I highlighted his exceptional talents; his skills in dealing with people and

enjoying his life. Enjoy Your Life! contains personal memories, real-life experiences, and incidents that I have publicised for the first time - praying that Allah, the Exalted, makes them a source of benefit for you. Enjoy Your Life!

It begins for them all at the bungalow - 'Alright, time to lay out the cards. We're in this together and hopefully, for the long haul, yeah? So I think - you know, we should just be honest. It's deal-breakers time. That thing that like, if we're gonna hate you or something, just tell us all now.' When One Direction begins, Harry Styles is a sixteen-year-old boy foundering under the pressure of impending fatherhood. His

ability to balance the sobering responsibility of caring for his tiny daughter, Millie, and the exhilaration of seeing his own dreams coming to fruition affects not only his future, but those of Liam, Zayn, Niall, and Louis, who never expected fealty to be the key to their success. But Liam is the first to show him how to grow up without growing old, and Zayn is the first to defend from the public what is private and precious. Louis -- Louis is the first for a lot of things; for most of the moments of Millie's life and for the moments of Harry's that matter. And Niall is the first to toast when Millie is born: Go maire sibh bhur saol nua -- 'may you enjoy your new life.'

explains why you shouldn't defer living your dreams until you retire. The book explains why, historically, we work from nine to five and then retire at 65. It goes on to show why this is an outmoded system in today's high-tech world and leads to pain, ill-health and disappointment for many people. Making good use of case studies, the book shows how you can begin making small changes to your lifestyle to ensure that you make better use of your time and, therefore, can make room to do the things that you were otherwise putting off until retirement. However, it then goes further, and shows how you can break free from convention and merge work and leisure into one perfect life, where you live each day as if you are retired. Chapters include: History of working when we do, and why a work/life balance is nonsense How to embrace
