This article examines the ethical and practical challenges of undertaking a study using art-based methods with children/young people. It is argued that an important component of qualitative research and research with children/young people is researcher reflexivity and flexibility, particularly when the anticipated and actual implemented methods of a study differ.

Practical Issues.

Sociologists' choice of
research method is
influenced by practical
issues, ethical issues and
theoretical issues.

Practical issues relate to
time, money and logistics.
Sometimes the best method
for researching a particular
topic, theoretically, has to
be rejected because it would
cost a great deal of money
to conduct, it would be very
difficult to carry out, or
because it would take a very
long time to get results.

Ethical and Compliance

Challenges of Data Privacy.

Brian Vecci, Field CTO for
Varonis, stressed,

“Consumers need to be
vigilant but also need a
basic set of online rights.
The GDPR is a great starting
point for such a bill of
rights. Consumers should
have the right to know what
data is being collected and
used, the right to have
their data deleted when no
longer needed or when they
ask, and that companies take
common sense precautions to
keep that data safe.
