The California Vehicle Code contains almost all statutes relating to the operation, ownership and registration of vehicles (including bicycles) in the state of California in the United States. It also contains statutes concerning the California Department of Motor Vehicles and the California Highway Patrol. The Vehicle Code includes various criminal law sections relating to the theft and misuse of motor vehicles. The Vehicle Code is one of 29 codes containing general statutes adopted by the California legislature and that have either been signed into law by the governor or that have become law without the governor's signature. This is the 2016 edition, and is unabridged.

Using the authors many years of experience in emergency services and his skills as a hazardous materials consultant, prepares the first responder to handle everything from re-establishing control and on-scene triage to investigating the crime. Including information on pre-incident and avoidance tactics, the author also discusses monitoring and detection techniques, protective equipment and decontamination, and an extensive list of resource organizations and training opportunities. This up-to-date 3rd edition is written to provide concise information for emergency responders who might be called upon to confront explosive, chemical, nuclear, biological, or incendiary acts of terrorism.
