About this project: I've spent my career helping senior executives, talented professionals and new graduates find their dream jobs. Their job searches were slow, stalled or even DOA before we met; after just a few weeks of working together, they landed jobs they wanted. And they loved the work we did together. I bottled up the best step-by-step advice from these one-on-one sessions into 120 action-packed pages, just for you. Take it and run. Who should read this book? If you want a new job right now, you need to read this book. If you want to be known in your industry, you need to read this book. If you want your dream employer to create a job for you, you need to read this book. What you'll learn: How to take back your search and get employers to chase YOU How to take HR/Corporate Recruiters out of the process and get offers directly from hiring managers How to create an undeniable value in the market that will generate offers for you and you alone For Job Seekers: You need a new job right now. I'll show you how to: Use proven strategies to beat out more qualified competition Reignite a dead search Move into a new field Win every interview using a simple, two-step process For Rock Stars: You like where you are, but you have one eye on the next big thing and you want to build your profile. I'll show you how to: Make companies fight over you when they hear your story Stand out to recruiters and executives running "secret searches" Make your current employer beg to give you promotions for fear of losing you to the competition For Students: You're graduating, your loan payments are due and you don't know where to start. I'll show you how to: Beat out your competition, including more seasoned job seekers Get the \$\$\$'s you really deserve instead of taking a salary you can barely live off of Set yourself up for the best promotions and job offers for your entire career Why this book? Most job search advice is terrible. Job searches are miserable. And I could spend every hour of every day of my life advising job seekers and I wouldn't scratch the surface of the need in this area. I want to reach as many people as possible with this message. I want to help job seekers take back control of their search. Everyday people come to me that need my help to find great jobs but they simply can't afford my services. Even with the 10 hours a week that I set aside for pro bono work it doesn't scratch the surface of the demand for real help for job seekers that have been struggling for months and sometimes, years.

He's crass, rude, and has an undeniable charm and sexiness that makes any woman he seduces drop her panties right then and there. Alexis Green is a short, plain Jane, college student who has only bad luck both in life and in men. When they meet on RandomMeetX, a relationship and hookup app meant to match hot singles in their area, Chase sees Alexis as nothing more than a quick screw and forgettable face. When Alexis sees Chase, she sees the man who is finally going to bring her out of her slump, even if he is a bit of a misogynistic ass. The only thing Chase doesn't realize is that Alexis is going to prove to be far more than just a one night screw, and he doesn't like it, not one bit. new adult romance, new adult romance with sex, sexy new adult romance, contemporary romance, contemporary romance series, contemporary romance with sex, romance with sex, sexy romance, romance collection, romance serial, romance anthology, college romance, new adult college romance, college romance with sex, romance box set, new adult romance box set, new adult box set
