God And The

the Multiverse' is to

show how the current

picture of our vast

universe and the real

possibility of multiple

universes developed

over the millennia since

humans first looked at

the sky and asked what

was out there.

Some philosophers
argue that these

scientific models count

against the existence of

God. Others, however,

argue that if God exists,

a multiverse is precisely

what we should expect

to find. Moreover, these

philosophers claim that

the idea of a divinely

created multiverse can
