THE MOST CLOSELY GUARDED SECRET OF THE WESTERN WORLD IS ABOUT TO BE REVEALED -- AND YOU WILL NEVER SEE CHRISTIANITY IN THE SAME LIGHT AGAIN. In a remarkable achievement of historical detective work that is destined to become a classic, authors Lynn Picknett and Clive Prince delve into the mysterious world of the Freemasons, the Cathars, the Knights Templar, and the occult to discover the truth behind an underground religion with roots in the first century that survives even today. Chronicling their fascinating quest for truth through time and space, the authors reveal an astonishing new view of the real motives and character of the founder of Christianity, as well as the actual historical -- and revelatory -- roles of John the Baptist and Mary Magdalene. Painstakingly researched and thoroughly documented, The Templar Revelation presents a secret history, preserved through the centuries but encoded in works of art and even in the great Gothic cathedrals of Europe, whose final chapter could shatter the foundation of the Christian Church.

The Holy Grail has become a popular field of study in recent years, however most books on the subject are written by authors who are not themselves initiated into the mystery school tradition of the Grail. Revelation of the Holy Grail is one of the first books on the subject which is written by an initiate within several of the Knighthood Orders associated with the Grail Tradition. This book provides many previously unpublished facts about the history and tradition of the Grail movement, which includes some of the most influential people in human history. The Quest of the Holy Grail has proved to really be about the quest for human civilization. It has spawned not only the greatest political movements in history, but also it has been the cornerstone of human technology. Alchemy, Hebrew Mysteries, Templar Secrets, ancient technologies, Gnostic traditions, and secret societies have all been involved in this exciting history which is the backbone of our modern day world.

According to the authors of this extraordinarily provocative, meticulously researched book, not only are these things possible — they are probably true! so revolutionary, so original, so convincing, that the most faithful Christians will be moved; here is the book that has sparked worldwide controversy. "Enough to seriously challenge many traditional Christian beliefs, if not alter them." — Los Angeles Times Book Review "Like Chariots of the Gods?...the plot has all the elements of an international thriller." — Newsweek

A Brief History of the Holy Grail charts the origins of the grail story from early Christian gospels through to eastern mysticism and the rise of medieval romances and Arthurian legends. The grail reappears once more in the story of the Crusades and in particular the rise and dramatic fall of the Knight Templars, who it is said were the guardians of the cup, newly discovered in Jerusalem. The myths have been more powerful than the facts and the allure of the Grail has attracted the attention of modern writers and artist in search of an ancient symbol of purity: psychologist Carl Jung, composer Richard Wagner, poets William Blake, and T S Eliot, the Pre-Raphaelite painters have all been seduced by the legend. Today the grail quest can be found in films such as Lord of the Rings, Star Wars, Indiana Jones, and Excalibur, as well as Dan Brown's Da Vinci Code
