Guideline for Disinfection and Sterilization in Healthcare ...

Design facilities where endoscopes are used and disinfected to provide a safe environment for healthcare workers and patients. Use air-exchange equipment (e.g., the ventilation system, out-exhaust ducts) to minimize exposure of all persons to potentially toxic vapors (e.g., glutaraldehyde vapor).

This report documents and presents the research approach used in the development of the guidelines for the Public Transportation Facilities and Equipment Management System (PTMS). The research agency

Read Book Guideline For Facilities Equipment And Instructional

conducted a representative survey of stakeholders who are involved in developing a PTMS in various states, and combined this information with the latest advances in facilities management systems to develop a set of guidelines appropriate to states and transit agencies of all modes and scales. A step by step procedure for developing a PTMS is outlined in the guidelines, along with additional industry sources for measures and standards, and examples of analytical methods for evaluating the data collected.

ACSM's Health/Fitness Facility Standards and Guidelines, Fifth Edition, presents the current standards and guidelines to help health and fitness establishments provide high-quality service and program offerings in a safe environment. Revised by an expert team of professionals with expertise in architecture, health and wellness, law, safety-related practices and policies, and the health and fitness club industry, this authoritative guide provides a blueprint for health and fitness facilities to elevate the standard of care they provide their members, as well as enhance their exercise experience.

The latest update of professional standards for architects designing medical facilities or equipment, last revised in 1987. In sections on general hospitals, nursing facilities, mobile units, and other contexts, specifies requirements for such elements as critical care units, nuclear medicine, laundry, employee lounges, and elevators. No index or bibliography. Annotation copyright by Book News, Inc., Portland,
