Handbooks of Sociology and Social Research | Springer

The new SAGE Handbook of Sociology aims to address these new developments, while at the same time providing an authoritative guide to theory and method, the key sub-disciplines and the primary debates of today. To undertake this ambitious project three leading figures in the field of sociology were selected as editors to bring together the foremost exponents of the different strands that contribute towards the make up modern sociology.

The SAGE Handbook of Sociology | SAGE Publications Ltd

This book examines how contemporary currents in sociology and social theory have influenced the field of organization studies. It aims to combat the tendency towards myopia in the organization studies field, which encourages reliance on resources and references drawn from within the field and discourages scholars from going beyond these boundaries to find inspiration and ideas.

Handbook of Disaster Research Handbooks of Sociology and ...

This Handbook is divided into seven substantive themes, providing overall coherence to a broad range of social conflicts across countries, issues, and social groups. These themes include: 1) theory of Latin American social movements; 2) neoliberalism; 3) indigenous struggles; 4) women's movements; 5) movements and the State; 6) environmental movements; and 7) transnational mobilizations.

Handbook of Social Movements across Latin America ...

The Handbook of the Sociology of Morality fills a niche within sociology making explicit the shared concerns of scholars across the disciplines as they relate to an often-overlooked dimension of human social life. It is unique in social science as it would be the first systematic compilation of the wider social structural, cultural, cross-national, organizational, and interactional dimension of human moral (understood broadly) thought, feeling, and behavior.
