Being compelled to read an author at school can put one off for life. But not when one reads Heinrich Böll. The first book of his that I read, *Irish Journal*, was a treat from beginning to end and Böll's clear writing and witty style helped foster my love of the German language and its literature. Acclaimed entertainer Hans Schneir collapses when his beloved Marie leaves him because he won't marry her within the Catholic Church. The desertion triggers a searing re-examination of his life—the loss of his sister during the war, the demands of his millionaire father and the hypocrisies of his mother, who first fought to “save” Germany from the Jews, then worked for “reconciliation” afterwards. Heinrich Böll's gripping consideration of how to overcome guilt and live up to idealism—how to find something to believe in—gives stirring evidence of why he was such an unwelcome presence

in post-War German consciousness . . . and why he was such a necessary one.

Fritz Tolm has risen to the most powerful position in Germany. With fame comes fear and vulnerability. Threats to his life are met with the all-pervasive “safety-net” of police protection and surveillance. Trapped in a house they dare not leave, where every visitor is suspect and every object a potential bomb, Tolm and his family wait to discover when and how terrorism will overtake them.

Cited by the Nobel Prize committee as the “crown” of Heinrich Böll’s work, the gripping story of *Group Portrait With Lady* unspools like a suspenseful documentary. Via a series of tense interviews, an unnamed narrator uncovers the story—past and present—of one of Böll’s most intriguing characters, the enigmatic Leni Pfeiffer, a struggling war widow. At the center of her struggle is her effort to prevent the demolition of her Cologne apartment building, a fight in which she is joined by a motley group of neighbors. Along with her illegitimate son, Lev, she becomes the nexus of a countercultural group rebelling against Germany’s dehumanizing past under the Nazis ... and what looks to be an equally dehumanizing future under capitalism.

A unique entry in the Böll library, *Irish Journal* records an eccentric tour of Ireland in the 1950's. An epilogue written fourteen years later reflects on the enormous changes to the country and the people that Böll loved. *Irish Journal* is a time capsule of a land and a way of life that has disappeared.

Nobel Prize winning author Heinrich Böll's *Irishes Tagebuch* (Irish Journal) which was first published in 1957, has been read by millions of German readers and has had an unsurpassed impact on the German image of Ireland. But there is much more to Heinrich Böll's relationship with Ireland than the *Irishes Tagebuch*. In this new book, Böll scholar Gisela Holfter carefully charts Heinrich Böll's personal and literary connections with Ireland and Irish literature from his reading Irish fairytales in early childhood, to establishing a second home on Achill Island and his and his wife Annemarie's translations of numerous books by Irish authors such as Brendan Behan, J. M. Synge, G. B. Shaw, Flann O'Brien and Tomás O'Crohan. This book also examines the response in Ireland to Böll's works, notably the controversy that ensued following the broadcast of his film *Irland und seine Kinder* (Children of Eire) in the 1960s. *Heinrich Böll and Ireland* offers new insights for students, academics and the general reader alike.

A "powerful image of innocence betrayed, of measureless evil oozing quietly from regulated, unimpeachable convention" - LJ.
