According to Diogenes Laertius, Heraclitus was at his prime (40 years old) in Olympiad 69, 504/503 BC - 501/500 BC, and we are told by Diogenes and earlier by Plato that Heraclitus was from Ephesus. This book is a translation and commentary on the fragments of Heraclitus about nature rather than about man (ethics, the soul, epistemology, politics).

This combination of words by ancient Greek philosopher, Heraclitus, is known as Fragments because there are no actual works of his in existence today. There are only examples from antiquity where others quoted his long lost works. This book is, therefore, a compilation of bits and pieces of Heraclitus' unique kind of philosophy.
