Young Readers Edition — Hidden Figures

Before a computer became an inanimate object and before Sputnik changed the course of history, before the Supreme Court case *Brown v. Board of Education* established that separate was in fact not equal, and before the poetry of Martin Luther King Jr.'s "I Have a Dream" speech rang out over the steps of the Lincoln Memorial, a group of black women working at the Langley Memorial Aeronautical ...

While the original Hidden Figures is an amazing book, it is almost more a reference than a story. The amount of detail is a bit overwhelming, even for the avid readers in my book club. And so, I believe that the Young Readers' Edition is a more accessible version of the book for the majority of readers.
