Overwhelmed by Dr. Lowe's charms and celebrity, not to mention his erotic pleasure therapy techniques, medical intern Josh Daniels has surrendered himself to the famous researcher's experimental project to create the perfect sexual plaything: submissive, horny, and eager to please. But now the doctor's decided it's time to bring their little experiment the attention it deserves, and he's going to put Josh centerstage for a demonstration of his new techniques to a group of colleagues flying in from across the country. But maybe even he has underestimated the power of the changes he has inspired in his little manslut, because once the doors are closed and the presentations have begun, things seem ready to get hot and out of control, very fast. Reader Advisory: This story is for mature audiences only and features intensely erotic situations, first time gay experiences, the use of a potent aphrodisiac, multiple partners and group sex, a highly erotic medical examination, anal sex, a dominant older man and the increasingly submissive, receptive young subject of his experiments. All characters are 18 or older. The Doctor's Boy Toy is the second installment of the The Doctor's Demands Series. Each episode can be enjoyed in order or as a standalone story. Excerpt: "he's at his most docile immediately after a session," he went on. "This was usually when I found it easiest to take measurements and gauge progress. At other times he can be - through no ill intent of his own - a little ... excitable. That is, if you'd like to examine him, now would be a good time." A babble of quiet speculation met his words. Several of the researchers approached me. They were initially dubious but I smiled encouragingly at them, happy to show I could be cooperative, and managed to stand up straight and expectant. Dr. Lowe usually gave me a little longer to recover after an orgasm, but I was supposed to be on especially good behavior. They surrounded me, obviously enthusiastic about the chance to examine me. Curious fingers felt the smoothness of my skin, the contour of my side, and ran through my short hair. I basked quietly in their attention and let them touch me wherever they wanted. All the little caresses - ten or twelve hands on me at once - gave me the hot, sort of dirty feeling that my body was public property. A pair of strong hands kneaded across my chest and a light breath of pleasure escaped my parted lips. I looked up to see the doctor I had been fantasizing about earlier. He smiled at me, his eyes appreciative. Reader Advisory: This story is for mature audiences only and features intensely erotic situations, bdsm play, bondage, submissiveness and dominance. All characters are 18 or older. After an intense, almost overpowering experience at the hands of the Langston Society's mysterious leader, Adam has been offered the opportunity to spend a week with him and begin to explore his true potential as a submissive. It means temporary separation from Damien, but the allure of what Adam has tasted is simply too strong to ignore. Once reunited with the man whose touch thrills and controls him so perfectly, Adam begins the long road of self-discovery - rich with challenges and with pleasures - as he begins to learn what it is to have a master and just exactly who his is. Excerpt: Without turning, Jack addressed us. "And you, too, Ben. My thanks for seeing Adam in." Ben rose and backed towards the door. "I know you dislike the task," Jack added before he had left. "But yours is such a warm personality. I couldn't think of having the other boys do it in your place when I want our newest guest to feel welcome." He blushed deeply at the compliment, his eyes fixed on the floor. "Thank you, Master," he said softly. Jack nodded in dismissal and Ben left. Slowly, as though he could sense my impatience, Jack's deep charcoal eyes turned towards me. "Adam," he said simply, "I'm glad you could come." "Master." I responded, eager to try the new form of address. He smiled. "You've heard that word, have you? Good. We'll teach you the meaning of that word very thoroughly before you leave here." A slight shiver ran down my spine. God, was I already getting hard? He stood and walked over to me. "I like a new toy that arrives early in the morning," he said. "There is so much time left in the day to try it out." He laid a finger under my chin, tilting my face up to meet his. With a slight pressure, he bid me stand and I rose to my feet, my eyes never leaving his. "You've been on my mind a very great deal over the past twelve hours," he said to me. The number surprised me. Had it really only been that long? "I'm usually such a patient man," he went on, sliding a finger within the neck of my shirt, just brushing my skin. "What is it about you that so undermines my self-control?" I trembled slightly at his touch and the tone of his voice. His words were deep with intensity, and yet I did not believe him for a moment when he said his self-control was compromised. He seemed to have so much of it that it bled over and controlled me, too, without him being entirely conscious of it. Simply having him standing in front of me, looking and touching me, was enough to paralyze me until next he told me to move. "And all nicely wrapped," he murmured. "I can always tell an outfit chosen with care. We'll put these clothes somewhere safe for the week. I wouldn't want them to wrinkle." His gaze held mine as he began to strip my clothes from me. A slight flush rose to my cheeks but I did not break eye contact. My God, he didn't beat around the bush. There was the slightest hint of a challenge in his deliberate movements. I am making you naked in front of me, his eyes were telling me. There is no secret or thought or emotion you possess that I cannot choose to uncover. You walked in my door, knowing who I was and what I wanted, and now you will be utterly mine.
