Inherit the Wind

Inherit the Wind is a 1988 drama with a runtime of 1 hour and 36 minutes. It has received poor reviews from critics and viewers, who have given it an IMdb score of 6.8. Inherit the Wind is available ...

A classic work of American theatre, based on the Scopes Monkey Trial of 1925, which pitted Clarence Darrow against William Jennings Bryan in defense of a schoolteacher accused of teaching the theory of evolution The accused was a slight, frightened man who had deliberately broken the law. His trial was a Roman circus. The chief gladiators were two great legal giants of the century. Like two bull elephants locked in mortal combat, they bellowed and roared imprecations and abuse. The spectators sat uneasily in the sweltering heat with murder in their hearts, barely able to restrain themselves. At stake was the freedom of every American. One of the most moving and meaningful plays of our generation. Praise for Inherit the Wind "A tidal wave of a drama."-New York World-Telegram And Sun "Jerome Lawrence and Robert E. Lee were classic Broadway scribes who knew how to crank out serious plays for thinking Americans. . . . Inherit the Wind is a perpetually prescient courtroom battle over the legality of teaching evolution. . . . We're still arguing this case-all the way to the White House."-Chicago Tribune "Powerful . . . a crackling good courtroom play . . . [that] provides two of the juiciest roles in American theater."-Copley News Service "[This] historical drama . . . deserves respect."-The Columbus Dispatch

Dramatizes the famous Scopes "Monkey Trial" in which William Jennings Bryan and Clarence Darrow clashed over a teacher's right to teach evolution. Reprint.

THE STORY: The critics talk about the play: Magnificently written...one of the most exciting dramas of the last decade. --NY News. A tidal wave of a drama...More than any other play in memory based on history and aiming at a contemporary parallel, IN

Dramatizes the famous Scopes "Monkey Trial," where William Jennings Bryan and Clarence Darrow clash over a teacher's right to teach evolution.

A Study Guide for Jerome Lawrence/Robert E. Lee's "Inherit the Wind," excerpted from Gale's acclaimed Drama For Students. The Pulitzer Prize-winning history of the Scopes Trial and the battle over evolution and creation in America's schools. In the summer of 1925, the sleepy hamlet of Dayton, Tennessee, became the setting for one of the twentieth century's most contentious courtroom dramas, pitting William Jennings Bryan and the anti-Darwinists against a teacher named John Scopes, represented by Clarence Darrow and the ACLU, in a famous debate over science, religion, and their place in public education. That trial marked the start of a battle that continues to this day in cities and states throughout the country. Edward Larson's classic Summer for the Gods -- winner of the Pulitzer Prize in History -- is the single most authoritative account of this pivotal event. An afterword assesses the state of the battle between creationism and evolution, and points the way to how it might potentially be resolved.
