This iodine painting protocol is based on the idea of topical or transdermal supplementation. A form of magnesium oil, a mixture of magnesium chloride and water, currently dominates. The theory behind this form of supplementation is that transdermal applications bypass the digestive system especially the liver.

## Iodine Painting Protocol Leads To A Surge In Testosterone ...

The Iodine Testicle Painting Protocol! Step 1:. Rub magnesium oil onto your chest, inner thighs and testicles every morning while showering. Leave the oil on... Step 2:. While your body is still warm and slightly damp, coat your testicles with liquid iodine. Then let them air dry. Step 3:. Before ...

## The Iodine Testicle Painting Protocol - Low Testosterone ...

Only on night 4 of this protocol, and feeling more horny by the minute! I have mixed the iodine with some water (20% iodine 80% water) and put it in a glass spray bottle I had kicking around. The addition of the water has stopped it stinging. However, I liked a little bit of sting, so may eventually 'up' the concentration a bit.

## Men do NOT paint your testicles with iodine at Iodine ...

Well small mention, iodine is the stuff that is used directly to create testosterone in the testicles.. But I must admit, the same night I also used 2 ginger root capsules for the first time ever But the great EQ was that same night, right after the iodine dried up on my balls, so if it was one of the 2, it would have been the iodine since oral supplements really take a few hours atleast to ...

## Opinions on topical iodine painting on the scrotum for ...

I have painted 20 drops of 5% elemental Iodine (Lugols should work too) on one side of the testes and perineum and then the next night, on the other side, making sure that 48 hours separates the same side painting. That way no sun burn effect happens. Note: A slight burning occurs momentarily when painting takes place, but is very tolerable.

## Iodine painting your balls and magnesium painting your balls

The Iodine Testicle Painting Protocol 7 you're finished, rinse and then towel off. Step 2: While your body is still warm and slightly damp, coat your testicles with 3 drops of liquid Iodine. Then let them air dry. If your skin becomes sensitive to the iodine you can mix it with a small amount of light olive oil, grape seed oil or refined coconut oil.

## Your particular - Big Natural Testicles

We recommend Lugols 5% Iodine (not tincture) be diluted 70% with water before applying to the testicles, then paint with grapeseed oil. This is not messy and is extremely effective to help prevent...
