**The gig economy is here to stay. Now let's humanise it -**

The term " gig economy " refers to a free market system in which traditional businesses hire independent contractors, freelancers, and short-term workers to perform individual tasks, assignments, or jobs. The term comes from the world of the performing arts in which musicians, comedians, etc. are paid for their individual appearances, called "gigs".

**Gig Economy: Definition and Pros and Cons**

A gig economy is a free market system in which temporary positions are common and organizations hire independent workers for short-term commitments. The term "gig" is a slang word for a job that lasts a specified period of time; it is typically used by musicians.

**What is the gig economy? - Definition from WhatIs.com**

The gig economy is praised for its flexibility, but also heavily criticised for its inherent job insecurity, lack of protections for the workforce, and the ability to be exploited by employers. The UK government tried to bring certainty to this sector by commissioning the Taylor Review in 2017, which prompted its Good Work Plan.

**Will the Uber case be a defining moment for the gig economy?**

Gig workers have high levels of flexibility, autonomy, task variety and complexity. But the gig economy has also raised some concerns. First, these jobs generally confer few employer-provided benefits and workplace protections. Second, technological developments occurring in the workplace have come to blur the legal definitions of the terms "employee" and "employer" in ways that were ...
