as global trade and production, global finance and the consequences of globalization. It is divided by subject area into 4 sections for ease of navigation, and then sub-divided into chapters, each of which has been specifically written for this book. Carefully edited by John Ravenhill, the text reads as an integrated whole and is suitable as an introductory text for undergraduates in both coverage and approach, each chapter making full use of learning aids such as boxes to summarize key terms and debates, chronologies, case studies, web links and further reading, which complement the lively presentation of the subject.

-- Taiwan: Balancing independent assembly, MNCs, and parts promotion in a small market -- Conclusion.

This handbook examines the theory and practice of international relations in Asia. Building on an investigation of how various theoretical approaches to international relations can elucidate Asia's empirical realities, authors examine the foreign relations and policies of major countries or sets of countries.
