Accounting Principles, Seventh Edition addresses the issues that our
customers-- instructors and students-- have said are important. These
include student success, student motivation, student problem-solving
skills, student decision-making skills, and technology to assist learning
and technology to assist teaching. Click on
www.wiley.com/college/wkk for details on how we address each of
these issues.

While there is growing interest in IFRS within the US, interest outside
the US has exploded. Weygandt's fourth edition of Financial
Accounting: IFRS highlights the integration of more US GAAP rules, a
desired feature as more foreign companies find the United States to be
their largest market. The highly anticipated new edition retains each of
the key features (e.g. TOC, writing style, pedagogy, robust EOC) on
which users of Weygandt Financial have come to rely, while putting
the focus on international companies/examples, discussing financial
accounting principles and procedures within the context of IFRS, and
providing EOC exercises and problems that present students with
foreign currency examples instead of solely U.S. dollars.

Weygandt's *Managerial Accounting 4th Canadian Edition* is written by a highly trusted and respected author team - Weygandt, Kieso, Kimmel and Aly. Hundreds of thousands of students have been successful using books written by these authors. Again, these authors bring you a one semester, undergraduate text that presents the fundamental concepts of managerial accounting in a concise and easy-to-read fashion. This edition retains the same features that made it popular in the previous editions: it gives students all the necessary techniques and concepts of managerial accounting in a focused, concise framework with an excellent pedagogy that's been praised by instructors. It does this by focusing on the tools students need to succeed. Because not all students taking this course may be accounting majors, the authors have focused more on building decision making skills; on how to use accounting information to make quality business decision; and on the tools needed by future managers. Pair this book with our new *Managerial Accounting Cases* by Carty and Wick for a complete solution for your Managerial Accounting needs.
