Laid Bare: My story of love, fame and survival by Gail Porter

Gail tells her life story with incredible honesty. She tells of her close relationship with her mother and her beloved daughter and her battles with coping with fame, anorexia, self harming and alopecia. Gail does come over as abit self obsessed which surprised me as she always came over on t.v. as a really down to earth person.

Gail Porter burst on to our TV screens in the late 90s presenting The Movie Chart Show, Alive and Kicking and Top of the Pops. Bright, sparky and beautiful she soon attracted an entirely different audience, posing for a number of men's magazines and rapidly becoming the pin-up of the lad-mag generation. FHM, in a now famous stunt, even projected her naked form on to the Houses of Parliament. But beneath her cheery public façade, Gail was struggling with anorexia and bi-polar disorder. After nine years of extreme dieting, she collapsed and through sheer determination forced herself to begin eating properly again. Having been told she would never be able to conceive, her new healthier lifestyle led to a much desired pregnancy by her then husband, Toploader guitarist Dan Hipgrave. But the intense pressures of juggling motherhood with her career, led to crippling post-natal depression and precipitated the breakdown of her marriage. Overwhelmed by single motherhood, one day after dropping her daughter Honey off at nursery, she took an overdose and her world very publicly began to unravel. But Gail's ability to stay afloat as her life crumbled in the public spotlight made her an icon all over again for a new audience of ordinary women who recognised her pain. She refused to hide-away as stress-induced alopecia caused her to loose her hair, famously appearing at a charity event sporting a startling pink Mohican. Her stunning features and her unwillingness to wear a wig to hide her bald head have made her a contemporary icon. But despite all her troubles, Gail remains upbeat and positive. She has become a role model for coming through it all as a good mother and a working woman unbowed. As iconic as Jordan, smart as Billie and as wild as Kerry, Gail Porter has written her autobiography herself - a raw, honest account of her own troubled life and the world of celebrity we now live in.

It ' s been ten years since clean-cut, sexy-as-hell police officer Todd Keenan had a white-hot fling with wild, uninhibited rocker Erin Brown. What happened between them got under his skin—even if love wasn ' t in the cards just yet... Now that they ' re back together, picking up where they left off is tough in light of Erin ' s troubled past. As Todd earns her trust, their relationship takes an unexpected turn. Todd ' s best friend, Ben, comes to play, arousing their deepest fantasies. The passion they share transforms Erin, but it may not be enough to face the evil she thought she had left behind.

THE KILLER had a detailed knowledge of the alleyways and deserted places where the bodies were dumped. THE KILLER must have somehow gained the confidence of the girls who entered his car thinking they were safe with him. THE KILLER was obviously a resourceful man who must have acted quickly and cleverly under personal stress, particularly at times when perhaps minutes counted to avoid detection. THE KILLER seemed to have been aware of the master plan to check on every vehicle in the killing area. Between 1959 and 1965,

eight murders were carried out in and around west London. The victims, all of whom were prostitutes, were asphyxiated. The murders were linked: the last six were all carried out in the space of twelve months. The press dubbed the murdered 'Jack the Stripper' on account of the fact that the victims were all stripped naked. The legendary Scotland Yard investigator Detective Chief Superintendent John Du Rose was brought in to orchestrate the enquiry. Du Rose flooded the night-time capital with police officers in plain clothes, and women police officers dressed as prostitutes to carry out dangerous decoy patrols. Of the 1,7000 potential suspects interviewed, the number was whittled down to twenty-six, and eventually to one. But before Du Rose could interview him, the man committed suicide and the case was closed down. Was this man 'Jack the Stripper'? Dick Kirby, a former Flying Squad detective, has used his vast experience and contacts at Scotland Yard to re-examine the case, more commonly known as 'The Nude Murders', fifty years on.

"To make the effort to understand what happened in Rwanda is a painful task that we have no right to shirk—it is part of being a moral adult." —Susan Sontag In the late 1990s, French author and journalist Jean Hatzfeld made several journeys into the hilly, marshy region of the Bugesera, one of the areas most devastated by the Rwandan genocide of April 1994, where an average of five out of six Tutsis were hacked to death with machete and spear by their Hutu neighbors and militiamen. In the villages of Nyamata and N'tarama, Hatzfeld interviewed fourteen survivors of the genocide, from orphan teenage farmers to the local social worker. For years the survivors had lived in a muteness as enigmatic as the silence of those who survived the Nazi concentration camps. In *Life Laid Bare*, they speak for those who are no longer alive to speak for themselves; they tell of the deaths of family and friends in the churches and marshes to which they fled, and they attempt to account for the reasons behind the Tutsi extermination. For many of the survivors "life has broken down," while for others, it has "stopped," and still others say that it "absolutely must go on." These horrific accounts of life at the very edge contrast with Hatzfeld's own sensitive and vivid descriptions of Rwanda's villages and countryside in peacetime. These voices of courage and resilience exemplify the indomitable human spirit, and they remind us of our own moral responsibility to bear witness to these atrocities and to never forget what can come to pass again. Winner of the Prix France Culture and the Prix Pierre Mille, *Life Laid Bare* allows us, in the author's own words, "to draw as close as we can get to the Rwandan genocide."

New York Times Bestselling Author Finally returned to print in a beautiful trade paperback edition, a haunting gothic tale that illuminates the fortunes and misfortunes of a 19th-century immigrant family of confidence artists—a story of morality, duplicity, and retribution that explores the depths of human manipulation and vulnerability “ Oates . . . rarely falters throughout this epic. . . . Traveling from one small town to the next across the continent, from the Northeast to the frontier West, they skillfully swindle unsuspecting victims, playing on their greed, lust, pride, and small-mindedness. Despite their success, Abraham cannot banish a past that haunts him: the ghost of his ancestor Sarah Licht, a former con woman who met with a gruesome fate. As Abraham moves his family from town to town, involving them in more and more complex and impressive schemes, he finds himself caught between the specter of Sarah and the growing terrors of his present. As his carefully crafted lies and schemes begin to fracture and disintegrate before his eyes, Abraham discovers that the bond of family is as tenuous and treacherous as the tricks he perpetrates upon

They're just some of the subjects covered by Tom Judson in this collection of essays. Fans of Gus Mattox (Tom's stage persona while working in gay porn) were the first to encounter the surprisingly tender tone of Tom's writing through posts on his blog, "Gus's Soapbox." Soon he began writing under his own name for magazines and newspapers around the globe, bringing the unique perspective and insight of someone who has seen life up close from perspectives most of us can only imagine. This volume contains the essays most frequently requested by his readers. "What a pleasure to have Tom Judson's delightfully insightful, funny and wise book of essays at one's fingertips. He was the Gypsy Rose Lee of Porn, but now he's 'Tom Judson, Author' and just as delicious." --Charles Busch, author of Vampire Lesbians of Sodom

Kerri Sackville, author of The Little Book of Anxiety on LAID BARE A nakedly honest account of one man's emotional and mental oblivion after separation and divorce. And how online dating and sex saved him from despair. Jesse Fink never thought it would happen to him. But it did. His wife of ten years and mother of his child walked out on him and into the arms of another man. In that moment he lost his best friend, his soul mate, his family, his identity. His wife's new lover even got his dog. What came next was a freefall of the soul that would take him from contemplating cutting his wrists to sleeping with hundreds of women. He jumped headlong into the brutal and sometimes dangerous world of online dating. He visited brothels and massage parlours. He fell for a prostitute. He flew off to Hollywood to connect with a beautiful woman he met online and found himself in the kitchen of the real-life Bridget Jones. With remarkable frankness, Jesse opens up about his complicity in the failure of his marriage, his battles with OCD, his struggles as a single dad, his sex addiction and his desperate desire to find love. He shares it all - the good, the bad and the ugly. His chance at personal salvation finally comes in the unconditional love of his eight-year-old daughter.
