[Amazon.com: Literacy Development in the Early Years ...](#)

Language and literacy development starts from the very beginning. Babies are listening in utero, and once they're born, they're communicating through eye contact, facial expressions, crying, smiles and touch. When adults respond with words, conversation and attention, it helps promote healthy development and learning.

Language and Early Literacy Development - First Things First

The first edition of Literacy Development in the Early Years appeared when research on emergent literacy was just beginning to be implemented. We once thought that children learned to speak and listen during their early years and later learned to read and write at 6 and 7 years of age.

Where To Download Literacy Development In The Early Years Helping Children Read

Literacy Development in the Early Years

Language and literacy develop together as a baby grows from an infant, to a toddler, to a school-aged child and older. This development happens in an expected order, through social interactions, most often with parents. The key to development is that interaction.
